#### §201.1 Authority, scope and purpose.

(a) *Authority and scope.* This part is issued under the authority of sections 10A, 10B, 13, 13A, and 19 of the FRA (12 U.S.C. 347a, 347b, 343 *et seq.*, 347c, 348 *et seq.*, 374, 374a, and 461), other provisions of the FRA, and section 7(b) of the International Banking Act of 1978 (12 U.S.C. 347d) and relates to extensions of credit by Federal Reserve Banks to depository institutions and others.

(b) *Purpose.* This part establishes rules under which Federal Reserve Banks may extend credit to depository institutions and others. Extending credit to depository institutions to accommodate commerce, industry, and agriculture is a principal function of Federal Reserve Banks. While open

market operations are the primary means of affecting the overall supply of reserves, the lending function of the Federal Reserve Banks is an effective method of supplying reserves to meet the particular credit needs of individual depository institutions. The lending functions of the Federal Reserve System are conducted with due regard to the basic objectives of monetary policy and the maintenance of a sound and orderly financial system.

#### §201.2 Definitions.

For purposes of this part, the following definitions shall apply:

(a) *Appropriate Federal banking agency* has the same meaning as in section 3 of the FDI Act (12 U.S.C. 1813(q)).

(b) *Critically undercapitalized insured depository institution* means any insured depository institution as defined in section 3 of the FDI Act (12 U.S.C. 1813(c)(2)) that is deemed to be critically undercapitalized under section 38 of the FDI Act (12 U.S.C. 1831o(b)(1)(E)) and the implementing regulations.

(c)(1) *Depository institution* means an institution that maintains reservable transaction accounts or nonpersonal time deposits and is:

(i) An *insured bank* as defined in section 3 of the FDI Act (12 U.S.C. 1813(h)) or a bank which is eligible to make application to become an insured bank under section 5 of such Act (12 U.S.C. 1815);

(ii) A *mutual savings bank* as defined in section 3 of the FDI Act (12 U.S.C. 1813(f)) or a bank which is eligible to make application to become an insured bank under section 5 of such Act (12 U.S.C. 1815);

(iii) A *savings bank* as defined in section 3 of the FDI Act (12 U.S.C. 1813(g)) or a bank which is eligible to make application to become an insured bank under section 5 of such Act (12 U.S.C. 1815);

(iv) An *insured credit union* as defined in section 101 of the Federal Credit Union Act (12 U.S.C. 1752(7)) or a credit

union which is eligible to make application to become an insured credit union pursuant to section 201 of such Act (12 U.S.C. 1781);

(v) A *member* as defined in section 2 of the Federal Home Loan Bank Act (12 U.S.C. 1422(4)); or

(vi) A *savings association* as defined in section 3 of the FDI Act (12 U.S.C. 1813(b)) which is an insured depository institution as defined in section 3 of the Act (12 U.S.C. 1813(c)(2)) or is eligible to apply to become an insured depository institution under section 5 of the Act (12 U.S.C. 1815(a)).

(2) The term *depository institution* does not include a financial institution that is not required to maintain reserves under Regulation D (12 CFR part 204) because it is organized solely to do business with other financial institutions, is owned primarily by the financial institutions with which it does business, and does not do business with the general public.

(d) *Liquidation loss* means the loss that any deposit insurance fund in the FDIC would have incurred if the FDIC had liquidated the institution:

(1) In the case of an undercapitalized insured depository institution, as of the end of the later of:

(i) Sixty days:

(A) In any 120-day period;

(B) During which the institution was an undercapitalized insured depository institution; and

(C) During which advances or discounts were outstanding to the depository institution from any Federal Reserve Bank; or

(ii) The 60 calendar day period following the receipt by a Federal Reserve Bank of a written certification from the Chairman of the Board of Governors or the head of the appropriate Federal banking agency that the institution is viable.

(2) In the case of a critically undercapitalized insured depository institution, as of the end of the 5-day period beginning on the date the institution became a critically undercapitalized insured depository institution.

(e) *Increased loss* means the amount of loss to any deposit insurance fund in the FDIC that exceeds the liquidation loss due to:

(1) An advance under section 10B(1)(a) of the FRA that is outstanding to an undercapitalized or critically undercapitalized insured depository institution without payment having been demanded as of the end of the periods specified in paragraphs (d)(1) and (2) of this section; or

(2) An advance under section 10B(1)(a) of the Federal Reserve Act that is made after the end of such periods.

(f) *Excess loss* means the lesser of the increased loss or that portion of the increased loss equal to the lesser of:

(1) The loss the Board of Governors or any Federal Reserve Bank would have incurred on the amount by which advances under section 10B(1)(a) exceed the amount of advances outstanding at the end of the periods specified in paragraphs (d)(1) and (2) of this section if those increased advances had been unsecured; or

(2) The interest received on the amount by which the advances under section 10B(1)(a) exceed the amount of advances outstanding, if any, at the end of the periods specified in paragraphs (d)(1) and (2) of this section.

(g) *Transaction account and nonpersonal time deposit* have the meanings specified in Regulation D (12 CFR part 204).

(h) *Undercapitalized insured depository institution* means any insured depository institution as defined in section 3 of the FDI Act (12 U.S.C. 1813(c)(2)) that:

(1) Is not a critically undercapitalized insured depository institution; and

(2)(i) Is deemed to be undercapitalized under section 38 of the FDI Act (12 U.S.C. 1831o(b)(1)(C)) and the implementing regulations; or

(ii) Has received from its appropriate Federal banking agency a composite CAMEL rating of 5 under the Uniform Financial Institutions Rating System (or an equivalent rating by its appropriate Federal banking agency under a comparable rating system) as of the most recent examination of such institution.

(i) *Viable*, with respect to a depository institution, means that the Board of Governors or the appropriate Federal banking agency has determined,

giving due regard to the economic conditions and circumstances in the market in which the institution operates, that the institution is not critically undercapitalized, is not expected to become critically undercapitalized, and is not expected to be placed in conservatorship or receivership. Although there are a number of criteria that may be used to determine viability, the Board of Governors believes that ordinarily an undercapitalized insured depository institution is viable if the appropriate Federal banking agency has accepted a capital restoration plan for the depository institution under 12 U.S.C. 1831o(e)(2) and the depository institution is complying with that plan.

### § 201.3 Availability and terms.

(a) *Adjustment credit.* Federal Reserve Banks extend adjustment credit on a short-term basis to depository institutions to assist in meeting temporary requirements for funds or to cushion more persistent shortfalls of funds pending an orderly adjustment of a borrowing institution's assets and liabilities. Such credit generally is available only for appropriate purposes and after reasonable alternative sources of funds have been fully used, including credit from special industry lenders such as Federal Home Loan Banks, the National Credit Union Administration's Central Liquidity Facility, and corporate central credit unions. Adjustment credit is usually granted at the basic discount rate, but under certain circumstances a special rate or rates above the basic discount rate may be applied.

(b) *Seasonal credit.* Federal Reserve Banks extend seasonal credit for periods longer than those permitted under adjustment credit to assist smaller depository institutions in meeting regular needs for funds arising from expected patterns of movement in their deposits and loans. A special rate or rates at or above the basic discount rate may be applied to seasonal credit.

(1) Seasonal credit is only available if:

(i) The depository institution's seasonal needs exceed a threshold that the institution is expected to meet from other sources of liquidity (this thresh-

old is calculated as certain percentages, established by the Board of Governors, of the institution's average total deposits in the preceding calendar year);

(ii) The Federal Reserve Bank is satisfied that the institution's qualifying need for funds is seasonal and will persist for at least four weeks; and

(iii) Similar assistance is not available from special industry lenders.

(2) The Board may establish special terms for seasonal credit when depository institutions are experiencing unusual seasonal demands for credit in a period of liquidity strain.

(c) *Extended credit.* Federal Reserve Banks extend credit to depository institutions under extended credit arrangements where similar assistance is not reasonably available from other sources, including special industry lenders. Such credit may be provided where there are exceptional circumstances or practices affecting a particular depository institution including sustained deposit drains, impaired access to money market funds, or sudden deterioration in loan repayment performance. Extended credit may also be provided to accommodate the needs of depository institutions, including those with longer term asset portfolios, that may be experiencing difficulties adjusting to changing money market conditions over a longer period, particularly at times of deposit disintermediation. A special rate or rates above the basic discount rate may be applied to extended credit.

(d) *Emergency credit for others.* In unusual and exigent circumstances, a Federal Reserve Bank may, after consultation with the Board of Governors, advance credit to individuals, partnerships, and corporations that are not depository institutions if, in the judgment of the Federal Reserve Bank, credit is not available from other sources and failure to obtain such credit would adversely affect the economy. The rate applicable to such credit will be above the highest rate in effect for advances to depository institutions. Where the collateral used to secure such credit consists of assets other than obligations of, or fully guaranteed as to principal and interest by, the United States or an agency thereof, an
