

time an application is filed under this part; or

(4) Strengthen the management of a depository institution that is in an unsafe or unsound condition as determined by the Board on a case-by-case basis.

(b) *Presumptions.* The Board applies the following presumptions in reviewing any application for a Management Consignment exemption:

(1) A proposed management official is capable of strengthening the management of a depository institution described in paragraph (a)(3) of this section if that official is approved by the Board to serve as a director or senior executive officer of that institution pursuant to 12 CFR 225.71 and the institution had operated for less than two years at the time the service was approved; and

(2) A proposed management official is capable of strengthening the management of a depository institution described in paragraph (a)(4) of this section if the official is approved by the Board to serve as a director or senior executive officer of the institution pursuant to 12 CFR 225.71 and the institution was not in compliance with minimum capital requirements or otherwise was in a "troubled condition" as defined under 12 CFR 225.71 at the time service was approved.

(c) *Duration of interlock.* An interlock granted under this section may continue for a period of two years from the date of approval. The Board may extend this period for one additional two-year period if the depository organization applies for an extension at least 30 days before the current exemption expires and satisfies one of the criteria specified in paragraph (a) of this section. The provisions set forth in paragraph (b) of this section also apply to applications for extensions.

§212.7 Change in circumstances.

(a) *Termination.* A management official shall terminate his or her service or apply for an exemption to the Interlocks Act if a change in circumstances causes the service to become prohibited under that Act. A change in circumstances may include, but is not limited to, an increase in asset size of an organization, a change in the delin-

eation of the RMSA or community, the establishment of an office, an acquisition, a merger, a consolidation, or any reorganization of the ownership structure of a depository organization that causes a previously permissible interlock to become prohibited.

(b) *Transition period.* A management official described in paragraph (a) of this section may continue to serve the state member bank or bank holding company involved in the interlock for 15 months following the date of the change in circumstances. The Board may shorten this period under appropriate circumstances.

§212.8 Enforcement.

Except as provided in this section, the Board administers and enforces the Interlocks Act with respect to state member banks, bank holding companies, and affiliates of either, and may refer any case of a prohibited interlocking relationship involving these entities to the Attorney General of the United States to enforce compliance with the Interlocks Act and this part. If an affiliate of a state member bank or a bank holding company is subject to the primary regulation of another Federal depository organization supervisory agency, then the Board does not administer and enforce the Interlocks Act with respect to that affiliate.

§212.9 Effect of Interlocks Act on Clayton Act.

The Board regards the provisions of the first three paragraphs of section 8 of the Clayton Act (15 U.S.C. 19) to have been supplanted by the revised and more comprehensive prohibitions on management official interlocks between depository organizations in the Interlocks Act.
