

(c) *Accounting treatment of international loan or syndication administrative costs and corresponding fees.* (1) Administrative costs of originating, restructuring, or syndicating an international loan shall be expensed as incurred. A portion of the fee income equal to the banking institution's administrative costs may be recognized as income in the same period such costs are expensed.

(2) The administrative costs of originating, restructuring, or syndicating an international loan include those costs which are specifically identified with negotiating, processing and consummating the loan. These costs include, but are not necessarily limited to: Legal fees; costs of preparing and processing loan documents; and an allocable portion of salaries and related benefits of employees engaged in the international lending function and, where applicable, the syndication function. No portion of supervisory and administrative expenses or other indirect expenses such as occupancy and other similar overhead costs shall be included.

(d) *Fees received by managing banking institutions in an international syndicated loan.* Fees received on international syndicated loans representing an adjustment of the yield on the loan shall be recognized over the loan period using the interest method. If the interest yield portion of a fee received on an international syndicated loan by a managing banking institution is unstated or differs materially from the pro rata portion of fees paid other participants in the syndication, an amount necessary for an interest yield adjustment shall be recognized. This amount shall at least be equivalent (on a pro rata basis) to the largest fee received by a loan participant in the syndication that is not a managing banking institution. The remaining portion of the syndication fee may be recognized as income at the loan closing date to the extent that it is identified and documented as compensation for services in arranging the loan. Such documentation shall include the loan agreement. Otherwise, the fee shall be deemed an adjustment of yield.

(e) *Loan Commitment fees.* (1) Fees which are based upon the unfunded por-

tion of a credit for the period until it is drawn and represent compensation for a binding commitment to provide funds or for rendering a service in issuing the commitment shall be recognized as income over the term of the commitment period using the straight-line method of amortization. Such fees for revolving credit arrangements, where the fees are received periodically in arrears and are based on the amount of the unused loan commitment, may be recognized as income when received provided the income result would not be materially different.

(2) If it is not practicable to separate the commitment portion from other components of the fee, the entire fee shall be amortized over the term of the combined commitment and expected loan period. The straight-line method of amortization should be used during the commitment period to recognize the fee revenue. The interest method should be used during the loan period to recognize the remaining fee revenue in relation to the outstanding loan balance. If the loan is funded before the end of the commitment period, any unamortized commitment fees shall be recognized as revenue at that time.

(f) *Agency fees.* Fees paid to an agent banking institution for administrative services in an intentional syndicated loan shall be recognized at the time of the loan closing or as the service is performed, if later.

§28.54 Reporting and disclosure of international assets.

(a) *Requirements.* (1) Pursuant to section 907(a) of the International Lending Supervision Act of 1983 (title IX, Pub. L. 98-181, 97 Stat. 1153, 12 U.S.C. 3906) (ILSA) a banking institution shall submit to the OCC, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA (12 U.S.C. 3906), a banking institution shall submit to the OCC information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the OCC on request.

(b) *Procedures.* The format, content, and reporting and filing dates of the reports required under paragraph (a) of this section shall be determined jointly by the Federal banking agencies. The requirements to be prescribed by the agencies may include changes to existing reporting forms (such as the Country Exposure Report, FFIEC 009) or such other requirements as the agencies deem appropriate. The agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the agencies' judgment, have *de minimis* holdings of international assets.

(c) *Reservation of authority.* Nothing contained in this part shall preclude the OCC from requiring from a banking institution such additional or more frequent information on the institution's holdings of international assets as the OCC may consider necessary.

An enforceable order under section 8 of the FDI Act, 12 U.S.C. 1818(b), may be issued if, after being notified that it is in violation of a safety and soundness standard prescribed under section 39, the bank fails to submit an acceptable compliance plan or fails in any material respect to implement an accepted plan. This part establishes procedures for requiring submission of a compliance plan and issuing an enforceable order pursuant to section 39. The Interagency Guidelines Establishing Standards for Safety and Soundness are set forth in appendix A to this part.

§30.3 Determination and notification of failure to meet safety and soundness standard and request for compliance plan.

(a) *Determination.* The OCC may, based upon an examination, inspection, or any other information that becomes available to the OCC, determine that a bank has failed to satisfy the safety and soundness standards contained in the Interagency Guidelines Establishing Standards for Safety and Soundness set forth in appendix A to this part.

(b) *Request for compliance plan.* If the OCC determines that a bank has failed a safety and soundness standard pursuant to paragraph (a) of this section, the OCC may request, by letter or through a report of examination, the submission of a compliance plan and the bank shall be deemed to have notice of the deficiency three days after mailing of the letter by the OCC or delivery of the report of examination.

§30.4 Filing of safety and soundness compliance plan.
