(3) At least 10 business days prior to implementing a related service program already on the list, the System bank or association must notify the FCA Office of Examination field office responsible for examining that institution in writing and provide it with a description of the proposed related service program.

§ 618.8015 Policy guidelines.

(a) The board of directors of each System bank or association providing related services must adopt a policy addressing related services. The policy shall include clearly stated purposes, objectives, and operating parameters for offering related services and a requirement that each service offered be consistent with the institution's business plan and long-term strategic goals. Such policy shall also be subject to review under an appropriate internal control policy.

(b) All related services must be offered to recipients on an optional basis. If the institution requires a related service as a condition to borrow, it must inform the recipient that the related service can be obtained from the institution or from any other person or entity offering the same or similar related services.

(c) All fees for related services must be separately identified from loan interest charges and disclosed to the recipient of the service prior to providing or implementing the service.

(b) An overall cost-benefit analysis that demonstrates program feasibility, taking into consideration the following items:

(2) An analysis of the expected financial returns of the program which, at a minimum, must include an evaluation of market, pricing, competition issues, and expected profitability. This analysis should include an explanation of how the program will contribute to the overall financial health of the institution; and

(3) An analysis of the risk in the program, including:

(i) An evaluation of the operational costs and risks involved in offering the program, such as management and personnel requirements, training requirements, and capital outlays;

(ii) An evaluation of the financial liability that may be incurred as a result of offering the program and any insurance or other measures that are necessary to minimize these risks; and

(iii) An evaluation of the conflicts of interest, whether real or perceived, that may arise as a result of offering the program and any steps that are necessary to eliminate or appropriately manage these conflicts.

§ 618.8025 Feasibility reviews.

(a) Prior to an association offering a related service program for the first time or offering a service that it did not offer during the most recently completed business cycle (generally 1 year), the board of directors of the funding bank must verify that the association has performed a feasibility analysis pursuant to § 618.8020. The bank review is limited to a determination that the feasibility analysis is complete and that the analysis establishes that it is feasible for the association to provide the program. Any conclusion by the bank that the feasibility analysis is incomplete or fails to demonstrate program feasibility must be fully supported and communicated to the association in writing within 60 days of its submission to the bank.

(b) Prior to a service corporation offering a service for the first time or offering a service that it did not offer during the most recently completed business cycle (generally 1 year), the owners of the service corporation must verify that the service corporation has performed a feasibility analysis pursuant to § 618.8020. If the owners all agree, one bank with a significant ownership interest can be delegated this responsibility.
