(4) When you have delegated discretionary control over the purchase and sale of investments to a person other than your official or employee, you do not direct the holdings under that person's control. Therefore, you must classify those holdings as either available-for-sale or trading.

(5) You must obtain a report from your investment adviser, at least monthly, that details your investments under his or her control and how they are performing.

(6) Your aggregate delegation of discretionary control over the purchase and sale of investments under this paragraph (c) is limited to 100 percent of net capital at the time of delegation.

You must update the analysis at least annually as long as you hold the investment.

(1) The background of any sales representative with whom you are doing business.

(2) Information available from State or Federal securities regulators and securities industry self-regulatory organizations, such as the National Association of Securities Dealers and the North American Securities Administrators Association, about any enforcement actions against the broker-dealer, its affiliates, or associated personnel.

(3) If the broker-dealer is acting as your counterparty, the ability of the broker-dealer and its subsidiaries or affiliates to fulfill commitments, as evidenced by capital strength, liquidity, and operating results. A custodial agreement is a contract in which a third party agrees to exercise ordinary care in protecting the securities held in safekeeping for its customers.

(b) You must obtain an individual confirmation statement for each investment purchased or sold.

**§ 703.70 What must I do to monitor my non-security investments in banks, credit unions, and other depository institutions?**

(a) At least quarterly you (a federal credit union) must prepare a written report listing all of your shares and deposits in banks, credit unions, and other depository institutions, that have one or more of the following features:

- (1) Embedded options;

(2) Remaining maturities greater than 3 years; or

(3) Coupon formulas that are related to more than one index or are inversely related to, or multiples of, an index.

(b) The requirement described in paragraph (a) of this section does not apply to your shares and deposits that are securities.

(c) Where you do not have an investment-related committee, each member of your board of directors must receive a copy of the report described in paragraph (a) of this section. Where you have an investment-related committee, each member of the committee must receive a copy of the report, and each member of the board must receive a summary of the information in the report.

**§ 703.80 What must I do to value my securities?**

(a) Prior to purchasing or selling a security, except for new issues purchased at par or at original issue discount, you (a federal credit union) must obtain, either:

(1) Price quotations on the security from at least two broker-dealers; or

(2) A price quotation on the security from an industry-recognized information provider.

(b) At least monthly, you must determine the fair value of each security you hold. You may determine fair value by obtaining a price quotation on the security from an industry-recognized information provider, a broker-dealer, or a safekeeper.

(c) At least annually, your supervisory committee (itself or through its external auditor) must independently assess the reliability of monthly price quotations you receive from a broker-dealer or safekeeper. Your supervisory committee (or external auditor) must follow Generally Accepted Auditing Standards, which require either recomputation or reference to market quotations.

(d) Where you are unable to obtain a price quotation required by this section for the precise security in question, you may obtain a quotation for a security with substantially similar characteristics.
