

(3) A natural person nonmember who holds a deposit account in a state-chartered credit union pursuant to state law, or to whom such deposit account is offered.

The term does not include a natural person who holds an account for another in a professional capacity or an unincorporated nonbusiness association of natural person members.

(r) *Non-dividend membership benefits* means any property or service provided by a credit union to its members, the nature of which makes its valuation unreasonable and administratively impracticable.

(s) *Passbook account* means an account in which the member retains a book or other document in which the credit union records transactions on the account.

(t) *Periodic statement* means a statement setting forth information about an account (other than a term share account or passbook account) that is provided to a member on a regular basis four or more times a year.

(u) *Potential member* means a natural person within the credit union's field of membership (or an unincorporated non-business association of such persons) or otherwise eligible to become a member as defined in paragraph (q) of this section.

(v) *State* means a state, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession of the United States.

(w) *Stepped-rate account* means an account that has two or more dividend rates that take effect in succeeding periods and are known when the account is opened.

(x) *Term share account* means any share certificate, interest-bearing certificate of deposit account, or other account with a maturity of at least seven days in which the member generally does not have a right to make withdrawals for six days after the account is opened, unless the account is subject to an early withdrawal penalty of at least seven days' dividends on amounts withdrawn, offered by a credit union to a member or potential member.

(y) *Tiered-rate account* means an account that has two or more dividend rates that are applicable to specified balance levels.

(z) *Variable-rate account* means a share, share draft, checking, or term share account in which the simple dividend rate may change after the account is opened, unless the credit union contracts to give at least thirty days advance written notice of rate decreases.

§ 707.3 General disclosure requirements.

(a) *Form.* Credit unions shall make the disclosures required by §§ 707.4 through 707.6, as applicable, clearly and conspicuously in writing and in a form that the member or potential member may keep. Disclosures for each account offered by a credit union may be presented separately or they may be combined with disclosures for the credit union's other accounts, as long as it is clear which disclosures are applicable to the member's account.

(b) *General.* The disclosures shall reflect the terms of the legal obligation between the member and the credit union. Disclosures may be made in languages other than English, provided the disclosures are available in English upon request.

(c) *Relation to Regulation E (12 CFR part 205).* Disclosures required by and provided in accordance with the Electronic Fund Transfer Act (15 U.S.C. 1601) and its implementing Regulation E (12 CFR part 205) that are also required by this part may be substituted for the disclosures required by this part.

(d) *Multiple members.* If an account is held by more than one member, disclosures may be made to any one of the members.

(e) *Oral responses to inquiries.* In an oral response to a member or potential member's inquiry about dividend rates payable on its accounts, the credit union shall state the annual percentage yield. The dividend rate may be stated in addition to the annual percentage yield. No other rate may be stated. In stating a dividend rate and annual percentage yield, a credit union shall:

(1) For dividend-bearing accounts other than term share accounts, specify a dividend rate and annual percentage yield as of the last dividend declaration date. In the event that disclosures of a dividend rate and annual percentage yield as of the last dividend declaration date might be inaccurate because of known or contemplated dividend rate changes, the credit union may disclose the prospective dividend rate and prospective annual percentage yield. Such prospective dividend rate and prospective annual percentage yield may be disclosed either in lieu of, or in addition to, the dividend rate and annual percentage yield as of the last dividend declaration date.

(2) For interest-bearing accounts and for dividend-bearing term share accounts, specify an interest (dividend) rate and annual percentage yield that were offered within the most recent seven calendar days; state that the rate and yield are accurate as of an identified date; and provide a telephone number members may call to obtain current rate information.

(f) *Rounding and accuracy rules for rates and yields*—(1) *Rounding*. The annual percentage yield, the annual percentage yield earned, and the dividend rate shall be rounded to the nearest one-hundredth of one percentage point (.01%) and expressed to two decimal places. For account disclosures, the dividend rate may be expressed to more than two decimal places.

(2) *Accuracy*. The annual percentage yield (and the annual percentage yield earned) will be considered accurate if not more than one-twentieth of one percentage point (.05%) above or below the annual percentage yield (and the annual percentage yield earned) determined in accordance with the rules in appendix A of this part.

§ 707.4 Account disclosures.

(a) *Delivery of account disclosures*—(1) *Account opening*. The credit union shall provide the account disclosures to the member or potential member before an account is opened or a service is pro-

vided, whichever is earlier. A credit union is deemed to have provided a service when a fee required to be disclosed is assessed. If the member is not present at the credit union when the account is opened or a service is provided and has not already received the disclosures, the credit union shall mail or deliver the disclosures no later than twenty calendar days after the account is opened or the service is provided, whichever is earlier.

(2) *Requests*. (i) A credit union shall provide the account disclosures to any member or potential member upon request. A credit union may provide the account disclosures to nonmembers in its sole discretion. If the member is not present at the credit union when the request is made, the credit union shall mail or deliver the disclosures within a reasonable time after it receives the request.

(ii) In providing disclosures upon request, the credit union may:

(A) Specify rates as follows:

(1) For dividend-bearing accounts other than term share accounts, specify a dividend rate and annual percentage yield as of the last dividend declaration date. In the event that disclosures of a dividend rate and annual percentage yield as of the last dividend declaration date might be inaccurate because of known or contemplated dividend rate changes, the credit union may disclose the prospective dividend rate and prospective annual percentage yield. Such prospective dividend rate and prospective annual percentage yield may be disclosed either in lieu of, or in addition to, the dividend rate and annual percentage yield as of the last dividend declaration date.

(2) For interest bearing accounts and for dividend-bearing term share accounts, specify an interest rate and annual percentage yield that were offered within the most recent seven calendar days; state that the rate and yield are accurate as of an identified date; and provide a telephone number members may call to obtain current rate information; and

(B) State the maturity of a term share account as either a term or a date.
