

to write down prior to closing the principal amount or the interest rate on a loan to a project and the amount of subsidy required to maintain the debt service cost for the loan decreases from the amount of subsidy initially approved by the Bank due to a decrease in market interest rates between the time of approval and the time the lender commits to the interest rate to finance the project, the Bank shall reduce the subsidy amount accordingly. If market interest rates rise between the time of approval and the time the lender commits to the interest rate to finance the project, the Bank may, in its discretion, increase the subsidy amount accordingly.

(ii) *Reconciliation of AHP fund.* If a Bank reduces the amount of AHP subsidy approved for a project, the amount of such reduction shall be returned to the Bank's AHP fund. If a Bank increases the amount of AHP subsidy approved for a project, the amount of such increase shall be drawn first from any currently uncommitted or repaid AHP subsidies and then from the Bank's required AHP contribution for the next year.

§ 960.9 Modifications of applications after project completion.

Modification procedure. If, after final disbursement of funds to a project from all funding sources, there is or will be a change in the project that would change the score that the project application received in the funding period in which it was originally scored and approved, had the changed facts been operative at that time, a Bank, in its discretion, may approve in writing a modification to the terms of the approved application, provided that:

(a) The project is in financial distress, or is at substantial risk of falling into such distress;

(b) The project sponsor or owner has made best efforts to avoid noncompliance with the terms of the application for subsidy and the requirements of this part;

(c) The project, incorporating any material changes, would meet the eligibility requirements of § 960.5(b); and

(d) The application, as reflective of such changes, continues to score high enough to have been approved in the

funding period in which it was originally scored and approved by the Bank.

(i) During the period of construction or rehabilitation of an owner-occupied project, the project sponsor must report to the member semiannually on whether reasonable progress is being made towards completion of the project.

(ii) Where AHP subsidies are used to finance the purchase of owner-occupied units, the project sponsor must certify annually to the member and the Bank, until all approved AHP subsidies are provided to eligible households in the project, that those households receiving AHP subsidies during the year were eligible households, and such certifications shall be supported by household income verification documentation maintained by the project sponsor and available for review by the member or the Bank.

(2) *Rental projects.* (i) During the period of construction or rehabilitation of a rental project, the project owner must report to the member semiannually on whether reasonable progress is being made towards completion of the project.

(A) Certify to the member and the Bank that the services and activities committed to in the AHP application have been provided in connection with the project;

(B) Provide a list of actual tenant rents and incomes to the member and the Bank and certify that:

(1) The tenant rents and incomes are accurate and in compliance with the rent and income targeting commitments made in the AHP application; and

(2) The project is habitable; and

(C) Maintain documentation regarding tenant rents and incomes and project habitability available for review by the member or the Bank, to support such certifications.

(b) *Requirements for members*—(1) *Owner-occupied projects.* (i) During the period of construction or rehabilitation of an owner-occupied project, the member must take the steps necessary to determine whether reasonable progress is being made towards completion of the project and must report to the Bank semiannually on the status of the project.

(ii) Within one year after disbursement to a project of all approved AHP subsidies, the member must review the project documentation and certify to the Bank that:

(A) The AHP subsidies have been used according to the commitments made in the AHP application; and

(2) *Rental projects.* (i) During the period of construction or rehabilitation of a rental project, the member must take the steps necessary to determine whether reasonable progress is being made towards completion of the project and must report to the Bank semiannually on the status of the project.

(ii) Within the first year after project completion, the member must review the project documentation and certify to the Bank that:

(A) The project is habitable;

(B) The project meets its income targeting commitments; and

(C) The rents charged for income-targeted units do not exceed the maximum levels committed to in the AHP application.

(c) *Requirements for Banks*—(1) *Owner-occupied projects.* Each Bank must take the steps necessary to determine, based on a review of the documentation for a sample of projects and units within one year of receiving the certifications described in paragraph (b)(1)(ii) of this section that:

(d) *Annual adjustment of targeting commitments.* For purposes of determining compliance with the targeting commitments in an AHP application, such commitments shall be considered to adjust annually according to the current applicable median income data. A rental unit may continue to count toward meeting the targeting commitment of an approved AHP application as long as the rent charged remains affordable, as defined in § 960.1, for the household occupying the unit.
