

(3) *Timing of subsidy use.* The AHP subsidy must be likely to be drawn down by the project or used by the project to procure other financing commitments within 12 months of the date of approval of the application for subsidy funding the project.

(4) *Prepayment, cancellation, and processing fees.* The project must not use AHP subsidies to pay for:

(i) Prepayment fees imposed by a Bank on a member for a subsidized advance that is prepaid, unless, subsequent to such prepayment, the project will continue to comply with the terms of the application for the subsidy, as approved by the Bank, and the requirements of this part for the duration of the original retention period, and any unused subsidy is returned to the Bank and made available for other AHP projects;

(ii) Cancellation fees and penalties imposed by a Bank on a member for a subsidized advance commitment that is canceled; or

(iii) Processing fees charged by members for providing direct subsidies to a project.

(5) *Counseling costs.* AHP subsidies may be used to pay for counseling costs only where:

(i) Such costs are incurred in connection with counseling of homebuyers who actually purchase an AHP-assisted unit; and

(ii) The cost of the counseling has not been covered by another funding source, including the member.

(6) *Refinancing.* If the project uses AHP subsidies to refinance an existing single-family or multifamily mortgage loan, the equity proceeds of the refinancing must be used only for the purchase, construction, or rehabilitation of housing units meeting the eligibility requirements of this paragraph (b).

(7) *Retention*—(i) *Owner-occupied projects.* The project's AHP-assisted units are or are committed to be subject to a retention agreement described in § 960.13 (c)(4) or (d)(1).

(ii) *Rental projects.* AHP-assisted rental projects are or are committed to be subject to a retention agreement described in § 960.13 (c)(5) or (d)(2).

(8) *Project sponsor qualifications.* A project's sponsor must be qualified and able to perform its responsibilities as

committed to in the application for subsidy funding the project.

(9) *Fair housing.* The project, as proposed, must comply with any applicable fair housing law requirements and demonstrate how the project will be affirmatively marketed.

(10) *District eligibility requirements.* (i) A project receiving AHP subsidies may be required by a Bank to meet one or more of the following additional eligibility requirements adopted by a Bank's board of directors, after consultation with its Advisory Council:

(A) A requirement that the amount of subsidy requested for the project does not exceed limits established by the Bank as to the maximum amount of AHP subsidy available per member each year; or per member, per project, or per project unit in a single funding period;

(B) A requirement that the project is located in the Bank's District; or

(C) A requirement that the member submitting the application has made use of a credit product offered by the Bank, other than AHP or CIP credit products, within the previous 12 months.

(ii) District eligibility requirements must apply equally to all members.

**§ 960.6 Procedure for approval of applications for funding.**

(a) *Homeownership set-aside programs.* A Bank shall accept applications for homeownership set-aside funds from members and may, in its discretion, accept applications from institutions with pending applications for membership in the Bank. The Bank shall approve applications in accordance with the Bank's criteria governing the allocation of funds.

(b) *Competitive application program*—(1) *Funding periods; amounts available.* A Bank shall accept applications for funding under its competitive application program from members and may, in its discretion, accept applications from institutions with pending applications for membership in the Bank. A Bank may accept applications for funding during a specified number of funding periods each year, as determined by the Bank. The amount of subsidies offered in each funding period shall be comparable.

(2) *Submission of applications.* A Bank shall require applicants for AHP subsidies to submit information sufficient for the Bank to:

(i) Determine that the proposed AHP project meets the eligibility requirements of §960.5(b); and

(ii) Evaluate the application pursuant to the scoring criteria in paragraph (b)(4) of this section.

(3) *Review of applications for project eligibility.* A Bank shall review applications to determine that the proposed AHP project meets the eligibility requirements of §960.5(b).

(4) *Scoring of applications—(i) In general.* A Bank shall score only those applications meeting the eligibility requirements of §960.5(b). A Bank shall not adopt additional scoring criteria or point allocations, except as specifically authorized under this paragraph (b)(4). A Bank shall adopt written guidelines implementing the scoring requirements of this paragraph (b)(4).

(ii) *Point allocations.* A Bank shall allocate 100 points among the nine scoring criteria identified in paragraph (b)(4)(iv) of this section. The scoring criterion identified in paragraph (b)(4)(iv)(C) of this section shall be allocated at least 20 points. The remaining scoring criteria shall be allocated at least five points each.

(iii) *Satisfaction of scoring criteria.* A Bank shall designate each scoring criterion as either a fixed-point or a variable-point criterion. Variable-point criteria are those where there are varying degrees to which an application can satisfy the criteria. The number of points that may be awarded to an application for meeting a variable-point criterion will vary, depending on the extent to which the application satisfies the criterion, compared to the other applications being scored. A Bank shall designate the scoring criteria identified in paragraphs (b)(4)(iv)(C) and (H) of this section as variable-point criteria. The application(s) best achieving each variable-point criterion shall receive the maximum point score available for that criterion, with the remaining applications scored on a declining scale. Fixed-point criteria are those which cannot be satisfied in varying degrees and are either satisfied, or not. An application meeting a

fixed-point criterion shall be awarded the total number of points allocated to that criterion.

(iv) *Scoring criteria.* An application for a proposed project may receive points based on satisfaction of the nine scoring criteria set forth in this paragraph (b)(4)(iv).

(A) *Use of donated government-owned or other properties.* The creation of housing using a significant proportion of units or land donated or conveyed for a nominal price by the federal government or any agency or instrumentality thereof, or by any other party.

(B) *Sponsorship by a not-for-profit organization or government entity.* Project sponsorship by a not-for-profit organization, a state or political subdivision of a state, a state housing agency, a local housing authority, a Native American Tribe, an Alaskan Native Village, or the government entity for Native Hawaiian Home Lands.

(C) *Targeting.* The extent to which a project creates housing for very low- or low- or moderate-income households.

(I) *Rental projects.* An application for a rental project shall be awarded the maximum number of points available under this scoring criterion if 60 percent or more of the units in the project are reserved for occupancy by households with incomes at or below 50 percent of the median income for the area. Applications for projects with less than 60 percent of the units reserved for occupancy by households with incomes at or below 50 percent of the median income for the area shall be awarded points on a declining scale based on the percentage of units in a project that are reserved for households with incomes at or below 50 percent of the median income for the area, and on the percentage of the remaining units reserved for households with incomes at or below 80 percent of the median income for the area. In order to facilitate reliance on monitoring by a federal, state, or local government entity providing funds or allocating federal Low-Income Housing Tax Credits to a proposed project, a Bank, in its discretion, may score each project according to the targeting commitments made by the project to such entity, and the

Bank shall include such scoring practice in its AHP implementation plan.

(2) *Owner-occupied projects.* Applications for owner-occupied projects shall be awarded points based on the percentage of units in the project to be provided to households with incomes at or below 80 percent of the median income for the area. Points shall be awarded on a declining scale, with projects having the highest percentage of units targeted to households with the lowest percentage of median income for the area awarded the highest number of points.

(3) *Separate scoring.* For purposes of this scoring criterion, applications for owner-occupied projects and rental projects may be scored separately.

(D) *Housing for homeless households.* The creation of transitional housing, excluding overnight shelters, for homeless households permitting a minimum of six months occupancy, or the creation of rental housing reserving at least 20 percent of the units for homeless households.

(E) *Promotion of empowerment.* The provision of housing in combination with a program offering: employment; education; training; homebuyer, homeownership or tenant counseling; daycare services; resident involvement in decisionmaking affecting the creation or operation of the project; or other services that assist residents to move toward better economic opportunities, such as welfare to work initiatives.

(F) *First District priority.* The satisfaction of one of the following criteria, or one of a number of the following criteria, as recommended by the Bank's Advisory Council and adopted by the Bank's board of directors and set forth in the Bank's AHP implementation plan, as long as the total points available for meeting the criterion or criteria adopted under this category do not exceed the total points allocated to this category:

(1) *Special needs.* The creation of housing in which at least 20 percent of the units are reserved for occupancy by households with special needs, such as the elderly, mentally or physically disabled persons, persons recovering from physical abuse or alcohol or drug abuse, or persons with AIDS;

(2) *Community development.* The creation of housing meeting housing needs documented as part of a community revitalization or economic development strategy approved by a unit of a state or local government;

(3) *First-time homebuyers.* The financing of housing for first-time homebuyers;

(4) *Member financial participation.* Member financial participation (excluding the pass-through of AHP subsidy) in the project, such as providing market rate or concessionary financing, fee waivers, or donations;

(5) *Disaster areas.* The financing of housing located in federally declared disaster areas;

(6) *Rural.* The financing of housing located in rural areas;

(7) *Urban.* The financing of urban infill or urban rehabilitation housing;

(8) *Economic diversity.* The creation of housing that is part of a strategy to end isolation of very low-income households by providing economic diversity through mixed-income housing in low- or moderate-income neighborhoods, or providing very low- or low- or moderate-income households with housing opportunities in areas where the median household income exceeds 80 percent of the median income for the area;

(9) *Fair housing remedy.* The financing of housing as part of a remedy undertaken by a jurisdiction adjudicated by a federal, state, or local court to be in violation of title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d *et seq.*), the Fair Housing Act (42 U.S.C. 3601 *et seq.*), or any other federal, state, or local fair housing law, or as part of a settlement of such claims;

(10) *Community involvement.* Demonstrated support for the project by local government, community organizations, or individuals other than as project sponsors through the commitment by such entities or individuals of donated goods and services, or volunteer labor;

(11) *Lender consortia.* The involvement of financing by a consortium of at least two financial institutions; or

(12) *In-District projects.* The creation of housing located in the Bank's District.

(G) *Second District priority—defined housing need in the District.* The satisfaction of a housing need in the Bank's District, as defined and recommended by the Bank's Advisory Council and adopted by the Bank's board of directors and set forth in the Bank's AHP implementation plan. The Bank may, but is not required to, use one of the criteria listed in paragraph (b)(4)(iv)(F) of this section, provided it is different from the criterion or criteria adopted by the Bank under paragraph (b)(4)(iv)(F) of this section.

(H) *AHP subsidy per unit.* The extent to which a project proposes to use the least amount of AHP subsidy per AHP-targeted unit. In the case of an application for a project financed by a subsidized advance, the total amount of AHP subsidy used by the project shall be estimated based on the Bank's cost of funds as of the date on which all applications are due for the funding period in which the application is submitted. For purposes of this scoring criterion, applications for owner-occupied projects and rental projects may be scored separately.

(I) *Community stability.* The promotion of community stability, such as by rehabilitating vacant or abandoned properties, being an integral part of a neighborhood stabilization plan approved by a unit of state or local government, and not displacing low- or moderate-income households, or if such displacement will occur, assuring that such households will be assisted to minimize the impact of such displacement.

(5) *Approval of applications—(i) Approval by Bank's board.* The board of directors of each Bank shall approve applications in descending order starting with the highest scoring application until the total funding amount for the particular funding period, except for any amount insufficient to fund the next highest scoring application, has been allocated. The board of directors also shall approve at least the next four highest scoring applications as alternates and, within one year of approval, may fund such alternates if any previously committed AHP subsidies become available.

(ii) *No delegation.* A Bank's board of directors shall not delegate to Bank of-

ficers or other Bank employees the responsibility to approve or disapprove AHP applications.

**§960.7 Modifications of applications prior to project completion.**

(a) *Modification procedure.* Prior to final disbursement of funds to a project from all funding sources, a Bank, in its discretion, may approve in writing a modification to the terms of an approved application for subsidy funding the project if there is or will be a change in the project that materially affects the facts under which the application was originally scored and approved under the Bank's competitive application program, provided that:

(1) The project, incorporating any such changes, would meet the eligibility requirements of §960.5(b);

(2) The application, as reflective of such changes, continues to score high enough to have been approved in the funding period in which it was originally scored and approved by the Bank; and

(3) There is good cause for the modification.

(b) *Modifications involving a subsidy increase.* Modifications involving an increase in AHP subsidy shall be approved or disapproved by a Bank's board of directors. The authority to approve or disapprove such requests shall not be delegated to Bank officers or other Bank employees.

**§960.8 Procedure for funding.**

(a) *Disbursement of subsidies to members.* (1) A Bank may disburse AHP subsidies only to institutions that are members of the Bank at the time they request a draw-down of subsidy.

(2) If an institution with an approved application for AHP subsidy fails to obtain or loses its membership in a Bank, the Bank may disburse subsidies to a member of such Bank to which the institution has transferred its obligations under the approved application, or the Bank may disburse subsidies through another Bank to a member of that Bank that has assumed the institution's obligations under the approved application.

(b) *Homeownership set-aside programs—*  
(1) *Time limit on use of subsidies.* If homeownership set-aside funds are not
