

to write down prior to closing the principal amount or the interest rate on a loan to a project and the amount of subsidy required to maintain the debt service cost for the loan decreases from the amount of subsidy initially approved by the Bank due to a decrease in market interest rates between the time of approval and the time the lender commits to the interest rate to finance the project, the Bank shall reduce the subsidy amount accordingly. If market interest rates rise between the time of approval and the time the lender commits to the interest rate to finance the project, the Bank may, in its discretion, increase the subsidy amount accordingly.

(ii) *Reconciliation of AHP fund.* If a Bank reduces the amount of AHP subsidy approved for a project, the amount of such reduction shall be returned to the Bank's AHP fund. If a Bank increases the amount of AHP subsidy approved for a project, the amount of such increase shall be drawn first from any currently uncommitted or repaid AHP subsidies and then from the Bank's required AHP contribution for the next year.

§ 960.9 Modifications of applications after project completion.

Modification procedure. If, after final disbursement of funds to a project from all funding sources, there is or will be a change in the project that would change the score that the project application received in the funding period in which it was originally scored and approved, had the changed facts been operative at that time, a Bank, in its discretion, may approve in writing a modification to the terms of the approved application, provided that:

(a) The project is in financial distress, or is at substantial risk of falling into such distress;

(b) The project sponsor or owner has made best efforts to avoid noncompliance with the terms of the application for subsidy and the requirements of this part;

(c) The project, incorporating any material changes, would meet the eligibility requirements of § 960.5(b); and

(d) The application, as reflective of such changes, continues to score high enough to have been approved in the

funding period in which it was originally scored and approved by the Bank.
