

(2) *Waiver.* The port director may waive the submission of evidence of direct importation when otherwise satisfied, taking into consideration the kind and value of the merchandise, that the merchandise was, in fact, imported directly and that it otherwise clearly qualifies for duty-free treatment under the ATPA.

(e) *Verification of documentation.* The documentation submitted under this section to demonstrate compliance with the requirements for duty-free treatment under the ATPA shall be subject to such verification as the port director deems necessary. In the event that the port director is prevented from obtaining the necessary verification, the port director may treat the entry as fully dutiable.

§ 10.208 Duty reductions for certain products.

(a) *General.* Handbags, luggage, flat goods, work gloves, and leather wearing apparel that were not designated on August 5, 1983, as eligible articles for purposes of the Generalized System of Preferences under Title V, Trade Act of 1974, as amended (19 U.S.C. 2461-2466), are not eligible for duty-free treatment under the ATPA. However, any such article from a beneficiary country may be subject to a reduced rate of duty set forth in the Harmonized Tariff Schedule of the United States in the applicable "Special" subcolumn followed by the symbol "J" in parenthesis, provided the article is a product of any beneficiary country. For purposes of this section, an article is a "product of" a beneficiary country if the article is either:

(1) Wholly the growth, product, or manufacture of a beneficiary country; or

(2) A new or different article of commerce which has been grown, produced, or manufactured in a beneficiary country.

(b) *Filing reduced-duty claim.* A claim for reduced-duty treatment under the ATPA may be made at the time of filing the entry summary or other entry document by placing thereon the symbol "J" as a prefix to the Harmonized Tariff Schedule of the United States subheading number applicable to each article for which reduced-duty treat-

ment is claimed and by placing thereon the reduced duty rate applicable to each such article.

(c) *Verification of reduced-duty claim.* Any claim for reduced-duty treatment under this section shall be subject to such verification as the port director deems necessary. In the event that the port director is prevented from obtaining the necessary verification, the port director may treat the entry as dutiable at the applicable non-ATPA rate.

UNITED STATES-CANADA FREE TRADE AGREEMENT

SOURCE: Sections 10.301 through 10.311 issued by T.D. 89-3, 53 FR 51766, Dec. 23, 1988, unless otherwise noted.

§ 10.301 Scope and applicability.

The provisions of §§ 10.302 through 10.311 of this part relate to the procedures for obtaining duty preferences on imported goods under the United States-Canada Free-Trade Agreement (the Agreement) entered into on January 2, 1988, and the United States-Canada Free-Trade Agreement Implementation Act of 1988 (102 Stat. 1851). The United States and Canada agreed to suspend operation of the Agreement with effect from January 1, 1994, to coincide with the entry into force of the North American Free Trade Agreement (see part 181 of this chapter) and, accordingly, the provisions of §§ 10.302 through 10.311 of this part apply only to goods imported from Canada that were entered for consumption, or withdrawn from warehouse for consumption, during the period January 1, 1989, through December 31, 1993. In situations involving goods subject to bilateral restrictions or prohibitions, or country of origin marking, other criteria for determining origin may be applicable pursuant to Article 407 of the Agreement.

[T.D. 96-35, 61 FR 19835, May 3, 1996]

§ 10.302 Eligibility criteria in general.

Subject to the more specific explanations of the criteria in §§ 10.303 and 10.305 of this part, goods classifiable under an HTSUS heading or subheading for which the symbol "CA" appears in the "special" column are eligible for a preference if:

(a) *Originating goods.* The goods originate in Canada or the United States, or both, and

(b) *Direct shipment required.* Except as provided in §10.306(b), are directly shipped to the United States from Canada.

§10.303 Originating goods.

(a) *General.* For purposes of eligibility for a preference under the Agreement, goods may be regarded as originating goods if:

(1) *Wholly of Canadian or United States origin.* The goods are wholly obtained or produced in the Territory of Canada or the United States, or both, as set forth in General Note 3(c), HTSUS;

(2) *Transformed with a change in classification.* The goods have been transformed by a processing which results in a change in classification and, if required, a sufficient value-content, as set forth in General Note 3(c), HTSUS; or

(3) *Transformed without a change in classification.* An assembly of goods, other than goods of chapters 61 to 63 of the HTSUS, which does not result in a change in classification because the goods were imported in an unassembled or disassembled form and classified as the goods, unassembled or disassembled, pursuant to General Rule of Interpretation 2(a), HTSUS, or because the tariff subheading for the goods provides for both the goods themselves and their parts, shall nonetheless be treated as originating goods if:

(i) The value of originating materials and the direct cost of assembling in Canada or the United States, or both, as defined in §10.305 constitute not less than 50 percent of the value of the goods when exported to the United States;

(ii) The assembled goods are not subsequently processed or further assembled in a third country; and

(iii) The goods satisfy the requirement in §10.306.

(b) *Originating materials.* For purposes of this section and §10.305, the term "materials" means goods, other than those included as part of the direct cost of processing or assembling, used or consumed in the production of other goods, and the term "originating" when used with reference to such materials

means that the materials satisfy one of the criteria for originating goods set forth in paragraph (a) of this section.

(c) *Change in classification.* For purposes of paragraph (a) of this section, the expression "change in classification" means a change of classification within the Harmonized Commodity Description and Coding System (Harmonized System) as published and amended from time to time by the Customs Cooperation Council.

(d) *Articles of feather.* The goods are eligible to be treated as originating in Canada pursuant to General Note 3(c)(vii)(R)(12)(ee), HTSUS.

[T.D. 92-8, 57 FR 2453, Jan. 22, 1992]

§10.304 Exclusions.

(a) *Changes based on simple processing.* No goods shall be considered originating for purposes of eligibility under the Agreement if they have merely undergone simple packaging or simple combining operations, or have undergone mere dilution with water or with another substance that does not materially alter the characteristics of the goods.

(b) *Other excluded processing.* No goods shall be considered to be originating merely by virtue of having undergone any process or work in which the facts clearly justify the presumption that the sole object was to circumvent the provisions of Chapter 3 of the Agreement.

§10.305 Value content requirement.

(a) *Direct cost of processing or assembling.*

(1) *Definition.* For purposes of applying a specific rule of origin under the Agreement which requires a value content determination, the terms "direct cost of processing" and "direct cost of assembling" mean the costs directly incurred in, or that can be reasonably allocated to, the production of goods, including:

(i) The cost of all labor, including benefits and on-the-job training, labor provided in connection with supervision, quality control, shipping, receiving, storage, packaging, management at the location of the process or assembly, and other like labor, whether provided by employees or independent contractors;
