

§ 115.11

issue a certificate of approval conforming to the model in Appendix 3, Part II to Annex 7 of the TIR Convention, 1975, and Appendix 3 to Annex 5 of the Customs Convention on Containers, 1972, for containers approved at a stage after manufacture, when it has been ascertained that the containers comply with the technical conditions prescribed in Annex 7 of the TIR Convention, 1975, and Annex 4 of the Customs Convention on Containers, 1972. The certificate shall be valid for the number of containers approved.

(2) *Design type approved.* A Certifying Authority shall issue a single certificate of approval conforming to the model in Appendix 2, Part II to Annex 7 of the TIR Convention, 1975, and Appendix 2 to Annex 5 of the Customs Convention on Containers, 1972, for containers approved by design type when it has been ascertained that the container type complies with the technical conditions prescribed in Annex 7 of the 1975 TIR Convention, and Annex 4 of the Customs Convention on Containers, 1972. The certificate shall be valid for all containers manufactured in conformity with the specifications of the type approved.

(c) *Provisions common to both approval procedures.* The certificate of approval issued pursuant to paragraphs (a) and (b) of this section shall be valid for either the specific number of containers approved, or for an unlimited series of containers of the approved type.

§ 115.11 Establishment of fees.

(a) Each Certifying Authority shall establish and file with the Commissioner a schedule of fees for the performance of the certification procedures under this chapter. The fees shall be based on the costs (including transportation expense) actually incurred by the Certifying Authority. The fees are subject to approval by the Commissioner before their use by the Certifying Authority.

(b) Each Certifying Authority shall make available a schedule of its fees approved by the Commissioner. In addition, the schedules of approved fees for all the Certifying Authorities are available from the Headquarters, U.S. Customs Service, Office of Field Oper-

§ 115.12 Records maintained by Certifying Authority.

(a) Each Certifying Authority shall maintain—

(1) A copy of each individual certificate of approval issued, together with a copy of the plans and the application to which the approval refers, along with any information submitted by the manufacturer and/or owner or operator for the certification of a container or a road vehicle.

(2) A record of each serial number assigned and affixed by the manufacturer to the road vehicles and containers manufactured under a design type approval, and containers approved at a stage after manufacture.

(b) The Commissioner may examine the Certifying Authority's files required by paragraph (a) of this section.

§ 115.13 Records to be furnished Customs.

Each Certifying Authority shall furnish the Headquarters, U.S. Customs Service, Office of Field Operations, 1300 Pennsylvania Avenue, NW., Washington, DC 20229, unless waived by Customs;

(a) A copy of each issued certificate of approval for containers and road vehicles and a copy of the plans and application to which the approval refers;

(b) A copy of each issued individual approval for a container or road vehicle.

§ 115.14 Meeting on program.

If determined necessary by Customs, each Certifying Authority's representative for certification functions shall meet, after notice, with the Commissioner to review their administration of the certification program.

§ 115.15 Reports by road vehicle or container manufacturer.

Each manufacturer shall forward to the appropriate Certifying Authority,

quarterly or when otherwise requested by that Authority:

(a) The registration number or other identifying information on road vehicles, or serial numbers assigned to containers manufactured under a certificate of approval by design type; and

(b) An attestation that each road vehicle or container to which a serial number was assigned was manufactured in full compliance with the certificate of approval by design type.

§ 115.16 Notification of Certifying Authority by manufacturer.

In order that the Certifying Authority can schedule an appropriate inspection, a manufacturer shall give notification to that Authority before each production run of road vehicles or containers to be built pursuant either to plans approved by the Certifying Authority, or revised plans (approved or unapproved).

§ 115.17 Appeal to Commissioner of Customs.

(a) Any manufacturer, carrier, or owner may, within 30 days after he has been notified by a Certifying Authority of an adverse determination, including any review provided, appeal that determination to the Commissioner.

(b) Any determination which is appealed remains in effect pending a decision by the Commissioner.

§ 115.18 Decision of Commissioner of Customs final.

The decision of the Commissioner on any matter appealed to him is final.

Subpart C—Procedures for Approval of Containers by Design Type

§ 115.25 General.

The Certifying Authority shall, at the request of a manufacturer, evaluate containers for approval by design type during the manufacturing stage.

§ 115.26 Eligibility.

Any manufacturer of containers to be manufactured in a type series from standard design and specifications so that each container has identical characteristics, may apply for approval by design type.

§ 115.27 Where to apply.

A manufacturer may apply for approval of a container by design type to a Certifying Authority of the country in which the container is manufactured if such country is a contracting party to the TIR Convention, 1975, or the Customs Convention on Containers, 1972.

§ 115.28 Application for approval.

Each application by a manufacturer or an owner for certification of a container by design type must include:

(a) Three copies, each no larger than 3 feet by 4 feet, of the customs and TIR/Container plan;

(b) Customs and TIR/Container plan number;

(c) Three copies of the specifications which include the following information:

(1) The name and address of the manufacturer and the owner; and

(2) A description of the container including the—

(i) Type of construction;

(ii) Dimensions;

(iii) Material of construction;

(iv) Coating system used;

(v) Identification marks and numbers; and

(vi) Tare weight;

(d) The location and date for inspection; and

(e) A statement signed by the manufacturer that:

(1) A container of the design type concerned is available for inspection and approval by the Certifying Authority before, during, and after the production run;

(2) Notification will be given to the Certifying Authority of each change in the design before adoption; and

(3) Each container will be marked with:

(i) The metal plate required in § 115.32;

(ii) The identification number or letter of the design type assigned by the manufacturer; and

(iii) The serial number of the container assigned by the manufacturer.

§ 115.29 Plan review.

(a) A manufacturer or owner who wants containers to be approved by design type must submit the plans and
