

§ 146.63 Entry for consumption.

(a) *Foreign merchandise.* Merchandise in foreign status or composed in part of merchandise in foreign status may be entered for consumption from a zone.

(b) *Zone-restricted merchandise.* Merchandise in a zone-restricted status may be entered for consumption only when the Board has ruled that merchandise can be entered for consumption.

(c) *Estimated production—(1) Weekly entry.* When merchandise is manufactured or otherwise changed in a zone (exclusive of packing) to its physical condition as entered within 24 hours before physical transfer from the zone for consumption, the port director may allow the person making entry to file an entry on Customs Form 3461 for the estimated removals of merchandise during the calendar week. The Customs Form 3461 must be accompanied by a *pro forma* invoice or schedule showing the number of units of each type of merchandise to be removed during the week and their zone and dutiable values. Merchandise covered by an entry made under the provisions of this section will be considered to be entered and may be removed only when the port director has accepted the entry on Customs Form 3461. If the actual removals will exceed the estimate for the week, the person making entry shall file an additional Customs Form 3461 to cover the additional units before their removal from the zone. Notwithstanding that a weekly entry may be allowed, all merchandise will be dutiable as provided in § 146.65. When estimated removals exceed actual removals, that excess merchandise will not be considered to have been entered or constructively transferred to the Customs territory.

(2) *Individual transfers.* After acceptance of the weekly entry, individual transfers of merchandise covered by the entry may be made from the zone.

(d) *Textiles and textile products.* Subject to the existing statutory authority of the Board, textiles and textile products admitted into a zone, regardless of whether the merchandise has privileged or nonprivileged foreign status, which would have been subject to quota or visa or export license requirements in their condition at the time of

importation (if entered for consumption rather than admitted to a zone), may not be subsequently transferred into Customs territory for consumption if, during the time the merchandise is in the zone, there has been a change by manipulation, manufacture, or other means:

(1) In the country of origin of the merchandise as defined by § 12.130 of this chapter;

(2) To exempt from quota or visa or export license requirements other than a change brought about by statute, treaty, executive order or Presidential proclamation; or

(3) From one textile category to another textile category.

§ 146.64 Entry for warehouse.

(a) *Foreign merchandise.* Merchandise in privileged foreign status or composed in part of merchandise in privileged foreign status may not be entered for warehouse from a zone. Merchandise in nonprivileged foreign status containing no components in privileged foreign status may be entered for warehouse in the same or at a different port.

(b) *Zone-restricted merchandise.* Foreign merchandise in zone-restricted status may be entered for warehouse in the same or at a different port only for storage pending exportation, unless the Board has approved another disposition.

(c) *Textiles and textile products.* Textiles and textile products which have been changed as provided for in § 146.63(d) may be entered for warehouse only if the entry is endorsed by the port director to show that the merchandise may not be withdrawn for consumption.

(d) *Time limit.* Merchandise may neither be placed nor remain in a Customs bonded warehouse after 5 years from the date of importation of the merchandise.

§ 146.65 Classification, valuation, and liquidation.

(a) *Classification—(1) Privileged foreign merchandise.* Privileged foreign merchandise provided for in this section will be subject to tariff classification according to its character, condition and quantity, at the rate of duty and

tax in force on the date of filing, in complete and proper form, the application for privileged status. Classification of merchandise subject to a tariff-rate import quota will be made only at the higher non-quota duty rate in effect on the date privileged foreign status was granted. Notwithstanding the grant of privileged status, Customs may correct any misclassification of any such entered merchandise when it posts the bulletin notice of liquidation under § 159.9 of this chapter.

(2) *Nonprivileged foreign merchandise.* Nonprivileged foreign merchandise provided for in this section will be subject to tariff classification in accordance with its character, condition and quantity as constructively transferred to Customs territory at the time the entry or entry summary is filed with Customs.

(b) *Valuation—(1) Total zone value.* The total zone value of merchandise provided for in this section will be determined in accordance with the principles of valuation contained in sections 402 and 500 of the Tariff Act of 1930, as amended by the Trade Agreements Act of 1979 (19 U.S.C. 1401a, 1500). The total zone value shall be that price actually paid or payable to the zone seller in the transaction that caused the merchandise to be transferred from the zone. Where there is no price paid or payable, the total zone value shall be the cost of all materials and zone processing costs related to the merchandise transferred from the zone.

(2) *Dutiable value.* The dutiable value of merchandise provided for in this section shall be the price actually paid or payable for the merchandise in the transaction that caused the merchandise to be admitted into the zone, plus the statutory additions contained in section 402(b)(1) of the Tariff Act of 1930, as amended by the Trade Agreements Act of 1979 (19 U.S.C. 1401a(b)(1)), less, if included, international shipment and insurance costs and U.S. inland freight costs. If there is no such price actually paid or payable, or no reasonable representation of that cost or of the statutory additions, the dutiable value may be determined by excluding from the zone value any included zone costs of processing or fabrication, general expenses and profit

and the international shipment and insurance costs and U.S. inland freight costs related to the merchandise transferred from the zone. The dutiable value of recoverable waste or scrap provided for in § 146.42(b) will be the price actually paid or payable to the zone seller in the transaction that caused the recoverable waste or scrap to be transferred from the zone.

(3) *Allowance.* An allowance in the dutiable value of zone merchandise may be made by the port director in accordance with the provisions of subparts B and C of part 158 of this chapter, for damage, deterioration, or casualty while the merchandise is in the zone.

(c) *Liquidation; extension to update cost data.* When the declared value or values of the merchandise are based on an estimate or estimates, the person making entry may request an extension of liquidation pending the presentation of updated or actual cost data. A request for an extension may be granted at the discretion of the port director.

§ 146.66 Transfer of merchandise from one zone to another.

(a) *At the same port.* A transfer of merchandise to another zone with a different operator at the same port (including a consolidated port) will be by a licensed cartman or a bonded carrier as provided for in § 112.2(b) of this chapter or by the operator of the zone for which the merchandise is destined under an entry for immediate transportation on Customs Form 7512 or other appropriate form with a Customs Form 214 filed at the destination zone. A transfer of merchandise between zone sites at the same port having the same operator may be made under a permit on CF 6043 or under a local control system approved by the port director wherein any loss of merchandise between sites will be treated as if the loss occurred in the zone.
