

§ 1000.160

(c) If the recipient has not adopted housing standards specified in paragraph (b) of this section, Total Development Cost (TDC) limits published periodically by HUD establish the maximum amount of funds (from all sources) that the recipient may use to develop or acquire/rehabilitate affordable housing. The recipient must complete a comparison of the cost of developing or acquiring/rehabilitating the affordable housing with the limits provided by the TDC and may not, without prior HUD approval, exceed the TDC maximum cost for the project.

[66 FR 49790, Sept. 28, 2001]

§ 1000.160 Are non-dwelling structures developed, acquired or assisted under the IHBG program subject to limitations on cost or design standards?

Yes. Non-dwelling structures must be of a design, size and with features or amenities that are reasonable and necessary to accomplish the purpose intended by the structures. The purpose of a non-dwelling structure must be to support an affordable housing activity, as defined by the Act.

[66 FR 49790, Sept. 28, 2001]

§ 1000.162 How will a recipient know that non-dwelling structures assisted under the IHBG program meet the requirements of 1000.160?

(a) The recipient must use one of the methods described in paragraph (b) or (c) of this section to determine if a non-dwelling structure meets the limitation requirements of §1000.160. If the recipient develops, acquires, or rehabilitates a non-dwelling structure with funds from NAHASDA and other sources, then the cost limit standard established under these regulations applies to the entire structure. If funds are used from two different sources, the standards of the funding source with the more restrictive rules apply.

(b)(1) The recipient may adopt written standards for non-dwelling structures. The standards must describe the type of structures and must clearly describe the criteria to be used to guide the cost, size, design, features, amenities, performance or other factors. The standards for such structures must be able to support the reasonableness and

24 CFR Ch. IX (4–1–18 Edition)

necessity for these factors and to clearly identify the affordable housing activity that is being provided.

(2) When the recipient applies a standard to particular structures, it must document the following: (i) Identification of targeted population to benefit from the structures;

(ii) Identification of need or problem to be solved;

(iii) Affordable housing activity provided or supported by the structures;

(iv) Alternatives considered;

(v) Provision for future growth and change;

(vi) Cultural relevance of design;

(vii) Size and scope supported by population and need;

(viii) Design and construction features that are accessible to persons with a variety of disabilities;

(ix) Cost; and

(x) Compatibility with community infrastructure and services.

(c) If the recipient has not adopted program standards specified in paragraph (b) of this section, then it must demonstrate and document that the non-dwelling structure is of a cost, size, design and with amenities consistent with similarly designed and constructed structures in the recipient's general geographic area.

Subpart C—Indian Housing Plan (IHP)

§ 1000.201 How are funds made available under NAHASDA?

Every fiscal year HUD will make grants under the IHBG program to recipients who have submitted to HUD for a tribal program year an IHP in accordance with §1000.220 to carry out affordable housing activities.

[77 FR 71526, Dec. 3, 2012]

§ 1000.202 Who are eligible recipients?

Eligible recipients are Indian tribes, or TDHEs when authorized by one or more Indian tribes.

§ 1000.204 How does an Indian tribe designate itself as recipient of the grant?

(a) By resolution of the Indian tribe; or
