

(e.g., 24 CFR 207.19(c)(6)) for the assurance of completion requirements for section 207 and the incomplete repair escrow requirement of section 223(f) for each program.

(2) For coinsurance, owner compliance with the requirements of this section shall be monitored by the approved coinsurance lender. Compliance with any requirements of this section shall also be enforced by the Assurance of Completion Agreement as provided under 24 CFR 251.402(d) or by escrow under 24 CFR 255.401(c).

[52 FR 1891, Jan. 15, 1987; 52 FR 9828, Mar. 27, 1987, as amended at 53 FR 20799, June 6, 1988]

**§ 200.825 HUD-owned multifamily property disposition.**

(a) *General.* The requirements of this section apply to the sale of any HUD-owned multifamily property when its use is intended for residential habitation. This section does not apply to projects for the elderly or handicapped (except for units housing children under seven years of age). The requirements of this section do not apply to 0-bedroom units.

(b) *Defective paint surfaces.* For residential structures constructed prior to 1978, HUD shall cause the property to be inspected for defective paint surfaces before offering the property for sale. If defective paint surfaces are found, treatment as required by 24 CFR 35.24(b)(2)(ii) shall be completed before delivery of the property to the purchaser or, if the disposition program under 24 CFR part 290 provides for repairs to be performed by the purchaser, such treatment may be included in the required reports. Residential structures assisted under section 223(f) of the National Housing Act are to be inspected and treated as set forth in this paragraph.

(c) *Chewable surfaces.* If the residential structure was constructed or substantially rehabilitated prior to 1978, HUD shall cause a random sampling of dwelling units to be tested for lead-based paint on chewable surfaces as part of the sales contracting procedure. Random testing shall be performed as described in § 200.820(c)(1). Testing shall be performed using an X-ray fluorescence analyzer (XRF) or other method approved by the Commissioner. Test

readings of 1 mg/cm<sup>2</sup> or higher using an XRF shall be considered positive for presence of lead-based paint. Testing shall be conducted by a State or local health or housing agency, an inspector certified or regulated by the State or local health or housing agency, a qualified HUD inspector, or an organization recognized by HUD. The testing entity shall certify to the results of the test. Where lead-based paint on chewable surfaces is identified, the entire interior or exterior surface shall be treated. Treatment shall consist of covering or removal of the paint surface in accordance with 24 CFR 35.24(b)(2)(ii). Treatment shall be completed before delivery of the property to the purchaser, or, if the disposition program under 24 CFR part 290 provides for repairs to be performed by the purchaser, such treatment may be included in the required repairs.

(1) *EBL Child.* In the case of a residential structure constructed prior to 1978, if HUD is presented with test results that indicate a child seven years of age or younger living in a unit has an elevated blood level or EBL, HUD must test or cause to be tested the unit occupied by the child and if such test is positive for lead-based paint, abate the unit surfaces in accordance with the methods set out at 24 CFR 35.24(b)(2)(ii) or choose not to test and abate all the unit surfaces.

(2) *Abatement without testing.* In lieu of the procedures set forth in paragraph (c) of this section, in the case of a residential structure constructed prior to 1978, HUD, at its option, may forego testing, and abate all applicable surfaces in accordance with the methods set out in 24 CFR 35.24(b)(2)(ii).

(d) *Tenant protection.* HUD or the purchaser, as appropriate, shall take appropriate action as prescribed by the Commissioner to protect tenants from hazards associated with abatement procedures.

[52 FR 1891, Jan. 15, 1987; 52 FR 9828, Mar. 27, 1987, as amended at 53 FR 20800, June 6, 1988]

**§ 200.830 Compliance with other Federal, State and local laws.**

(a) *HUD responsibility.* If HUD determines that a State or local law, ordinance, code or regulation provides for lead-based paint testing or hazard
