

disclosure shall include a discussion of the fact that a mortgagor who does not obtain a lease renewal and loses the right of occupancy will remain liable for the outstanding balance of the mortgage.

(e) *Purchase for principal residence.* The mortgagor must be a purchaser who intends to occupy the property as a principal residence (as defined in §203.18(f)(1)), or a current owner-occupant refinancing a mortgage which is now due or which will become due before the lease termination date in February 1991.

(f) *Relationship of income to housing expense.* For purposes of §203.33(a), the total prospective housing expense shall include the Secretary's estimate of future lease payments during the term of the mortgage rather than lease payments in effect at the time of application.

(g) *Suspension of commitments.* The Secretary may suspend the issuance of commitments to insure mortgages under this section, for the entire period during which commitments could otherwise be issued for insurance under this section (i.e., through February 18, 1991) or for such lesser period as the Secretary may specify, by providing thirty days notice of suspension in the FEDERAL REGISTER. Regardless of its duration, a suspension to be imposed prior to February 19, 1990, will be based on a determination by the Secretary that, for mortgages insured during a specified period, the rate of monetary defaults (as measured by 90 day delinquencies) for mortgages insured under this section exceeds the rate of such monetary defaults for all insured mortgages on one- to four-family properties in the State of New York. A suspension to be imposed after February 18, 1990, will be based on a consideration by the Secretary of the probable costs to the Special Risk Insurance Fund of further commitments to insure under this section, as measured by such factors as the current and projected rate and amount of claims payments, together with other significant current and projected costs as determined by the Secretary, including a review of the actual and projected monetary default rate (as measured by 90 day delinquencies) and the actual and projected rate of

lease renewal through negotiation and arbitration.

Subsequent monthly payments for principal and interest may increase annually, biennially or at such other interval that is greater than one year, as the Commissioner may approve. The subsequent periodic increases may be up to five percent above the payments for principal and interest for the previous period.
