

project only. The required determination that rebuilding the project would be less expensive than substantial rehabilitation means that the costs to HUD for rebuilding are such that the monthly debt service needed to amortize the cost of relocating tenants, demolition, site preparation, rebuilding, operating expenses, and a reasonable return to the purchaser cannot be provided with rents that are within 120 percent of the most recently published Section 8 Fair Market Rents for Existing Housing (24 CFR part 888, subpart A), and would be less expensive than rehabilitation.

§ 290.25 Determination not to preserve a project or a part of a project.

HUD may determine to demolish, or otherwise dispose of, a HUD-owned multifamily housing project, or any portion of such a project, or to foreclose a HUD-held mortgage on a multifamily housing project, without ensuring its continued availability as affordable rental or cooperative housing for low- and very low-income families under appropriate circumstances which may include one or more those listed in paragraphs (a) through (g) of this section. If HUD decides not to preserve an occupied multifamily housing project at a foreclosure sale or sale of a HUD-owned project, tenants must be provided relocation assistance as described in § 290.17.

(a) The costs to HUD of rehabilitation are such that the monthly debt service needed to amortize the cost of rehabilitation, operating expenses, and a reasonable return to the purchaser cannot be provided with rents that are, for subsidized and formerly subsidized projects, within 120 percent of the most recently published Section 8 Fair Market Rents for Existing Housing (24 CFR part 888, subpart A) or, for unsubsidized and formerly unsubsidized projects, within rents obtainable in the market.

(b) Construction is substantially incomplete.

(c) Preservation is not feasible because of environmental factors that cannot be mitigated by HUD or the purchaser. For example, when the project is located on a site that cannot be made to comply with the Section 8 Site and Neighborhood standards in 24

CFR 886.307(k) because of factors that adversely affect the health, safety and general welfare of residents such as air pollution; smoke; mud slides; fire or explosion hazards. Preservation may also be infeasible because of significantly deteriorated surrounding neighborhood conditions with inadequate police or fire protection; high crime rates; drug infestation; or lack of public community services needed to support a safe and healthy living environment for residents.

(d) HUD determines the project is unfit for rehabilitation.

(e) Rehabilitation would cost more than constructing comparable new housing.

(f) A reduction in the number of units in the project will enhance long-term project viability, for example, demolition of a building to provide space for a playground, open space, or combining one-bedroom units to create larger units for families.

(g) Continued preservation of the project as rental or cooperative housing is not compatible with State or local land use plans for the area in which the project is located.

Subpart B—Sale of HUD-Held Multifamily Mortgages

§ 290.30 General.

(a) Except as otherwise provided in § 290.31(a)(2), HUD will sell HUD-held multifamily mortgages on a competitive basis. HUD retains full discretion to offer any qualifying mortgage for sale and to withhold or withdraw any offered mortgage from sale. However, when a qualifying mortgage is offered for sale, the procedures set out in this subpart will govern the sale.

(b) References in subpart B of this part to mortgages securing subsidized projects include HUD-held purchase money mortgages on subsidized projects.
