Subpart B—Formula Entitlements

§ 574.100 Eligible applicants.

(a) Eligible States and qualifying cities, as defined in § 574.3, qualify for formula allocations under HOPWA.

(b) HUD will notify eligible States and qualifying cities of their formula eligibility and allocation amounts and EMSA service areas annually.

[57 FR 61740, Dec. 28, 1992, as amended at 59 FR 17199, Apr. 11, 1994; 60 FR 1917, Jan. 5, 1995]

§ 574.110 Overview of formula allocations.

The formula grants are awarded upon submission and approval of a consolidated plan, pursuant to 24 CFR part 91, that covers the assistance to be provided under this part. Certain states

and cities that are the most populous unit of general local government in eligible metropolitan statistical areas will receive formula allocations based on their State or metropolitan population and proportionate number of cases of persons with AIDS. They will receive funds under this part (providing they comply with 24 CFR part 91) for eligible activities that address the housing needs of persons with AIDS or related diseases and their families (see § 574.130(b)).

[61 FR 7963, Feb. 29, 1996]

§ 574.120 Responsibility of applicant to serve EMSA.

The EMSA's applicant shall serve eligible persons who live anywhere within the EMSA, except that housing assistance shall be provided only in localities within the EMSA that have a consolidated plan prepared, submitted, and approved in accordance with 24 CFR part 91 that covers the assistance to be provided under this part. In allocating grant amounts among eligible activities, the EMSA's applicant shall address needs of eligible persons who reside within the metropolitan statistical area, including those not within the jurisdiction of the applicant.

[60 FR 1917, Jan. 5, 1995]

§ 574.130 Formula allocations.

(a) *Data sources.* HUD will allocate funds based on the number of cases of acquired immunodeficiency syndrome reported to and confirmed by the Director of the Centers for Disease Control, and on population data provided by the U.S. Census. The number of cases of acquired immunodeficiency syndrome used for this purpose shall be the number reported as of March 31 of the fiscal year immediately preceding the fiscal year for which the amounts are appropriated and allocated.

(b) *Distribution of appropriated funds for entitlement awards.* (1) Seventy-five percent of the funds allocated under the formula is distributed to qualifying cities and eligible States, as described in § 574.100, based on each metropolitan statistical area's or State's proportionate share of the cumulative number of AIDS cases in all eligible metro-

politan statistical areas and eligible States.

(2) The remaining twenty-five percent is allocated among qualifying cities, but not States, where the per capita incidence of AIDS for the year, April 1 through March 31, preceding the fiscal year of the appropriation is higher than the average for all metropolitan statistical areas with more than 500,000 population. Each qualifying city's allocation reflects its EMSA's proportionate share of the high incidence factor among EMSA's with higher than average per capita incidence of AIDS. The high incidence factor is computed by multiplying the population of the metropolitan statistical area by the difference between its twelve-month-per-capita-incidence rate and the average rate for all metropolitan statistical areas with more than 500,000 population. The EMSA's proportionate share is determined by dividing its high incidence factor by the sum of the high incidence factors for all EMSA's with higher than average per capita incidence of AIDS.

(c) *Minimum grant.* No grant awarded under paragraph (b) of this section shall be less than \$200,000. Therefore, if the calculations under paragraph (b) of this section would result in any eligible metropolitan statistical area or eligible State receiving less than \$200,000, the amount allocated to that entity is increased to \$200,000 and allocations to entities in excess of \$200,000 are proportionately reduced by the amount of the increase.

§ 574.190 Reallocation of grant amounts.

If an eligible State or qualifying city does not submit a consolidated plan in a timely fashion, in accordance with 24 CFR part 91, that provides for use of its allocation of funding under this part, the funds allocated to that jurisdiction will be added to the funds available for formula allocations to other jurisdictions in the current fiscal year. Any formula funds that become available as a result of deobligations or the imposition of sanctions as provided for in § 574.540 will be added to the funds
