§ 582.230 Environmental review requirements.

(a) *Responsibility for review.* (1) HUD will perform the environmental review, in accordance with part 50 of this title, for conditionally selected applications received from PHA applicants and from IHA applicants. HUD is not permitted to approve such applications prior to its completion of this review, nor is the PHA or IHA permitted to enter into a contract for, or otherwise commit HUD or local funds for, acquisition, rehabilitation, conversion, lease, repair, or construction of property to provide housing under the program, prior to HUD's completion of this review and approval of the application, except under the SRO component.

(2) Applicants that are States, units of general local government, or Indian tribes must assume responsibility as "responsible entities" for environmental review, decisionmaking, and action for each application for assistance in accordance with part 58 of this title. In addition, for PHA projects and IHA projects under the SRO component, environmental reviews will be performed by State, local government, Indian tribe, or Alaska native village "nonrecipient responsible entities" as provided under part 58 of this title. HUD is permitted to approve such applications subject to the completion of reviews by the applicant in accordance with part 58 of this title. Applicants performing these reviews may adopt relevant and adequate prior reviews conducted by HUD or another governmental entity if the reviews meet the particular requirements of the Federal

24 CFR Ch. V (4-1-03 Edition)

environmental law or authority under which they would be adopted, and only under certain conditions (e.g., a determination that no environmentally significant changes have occurred since the review was done). Applicants who adopt such relevant and adequate prior reviews may include the environmental certification and Request for Release of Funds with their applications.

(b) *Environmental review by HUD.* With regard to the environmental effects of applications for which HUD performs the review, HUD will undertake its review in accordance with the provisions of NEPA and the related authorities listed in 24 CFR 50.4. HUD may eliminate an application from consideration where the application would require an Environmental Impact Statement (EIS). PHA applicants and IHA applicants (other than under the SRO component) must include in their application an assurance that the applicant will:

(1) Not enter into a contract for, or otherwise commit HUD or local funds for, acquisition, rehabilitation, conversion, lease, repair, or construction of property to provide housing under the program, prior to HUD's completion of the review and approval of the application;

(2) Supply HUD with information necessary for HUD to perform any applicable environmental review when requested under § 582.225(a); and

(3) Carry out mitigating measures required by HUD or ensure that alternate sites are utilized.

(c) *Environmental review by applicants or nonrecipient responsible entities.* (1) An applicant that is required under paragraph (a)(2) of this section to assume environmental review responsibility must include in its application an assurance that the applicant will assume all the environmental review responsibility that would otherwise be performed by HUD as the responsible Federal official under NEPA and related authorities listed in 24 CFR 58.5. A PHA or IHA applicant under the SRO component must include in its application an assurance by the nonrecipient responsible entity that the entity will assume all the environmental review responsibility that would otherwise be performed by HUD as the responsible

Federal official under NEPA and related authorities listed in 24 CFR 58.5.

(2) For applicants required to assume environmental review responsibility and for PHAs and IHAs under the SRO component, the award of funding is subject to completion of the environmental responsibilities set out in 24 CFR part 58 within a reasonable time period after notification of the award. (This provision does not preclude the applicant from enclosing its environmental certification and Request for Release of Funds with its application.)

(i) Upon completion of the requirements in 24 CFR part 58:

(A) Applicants required to assume environmental review responsibility must certify the completion;

(B) PHA and IHA applicants under the SRO component must submit the nonrecipient responsible entities' certification of completion; and

(C) All applicants must submit a Request for Release of Funds. This submission is not required in cases in which the applicant determines, in accordance with part 58 that its program components are totally exempt.

(ii) HUD will not release grant funds if the recipient or any other party commits grant funds (i.e., incurs any costs or expenditures to be paid or reimbursed with such funds) before the grantee submits and HUD approves its Request for Release of Funds (when such submission is required).

(2) Each recipient must keep on file, and make available to the public on request, a description of the procedures used to select sponsors under the SRA component and buildings under the SRO, SRA, and PRA components.

(3) Each recipient must develop, and make available to the public upon request, its procedures for managing the rental housing assistance funds provided by HUD. At a minimum, such procedures must describe how units will be identified and selected; how the responsibility for inspections will be handled; the process for deciding which unit a participant will occupy; how participants will be placed in, or assisted in finding appropriate housing; how rent calculations will be made and the amount of rental assistance payments determined; and what safeguards
