

(2) For projects for non-elderly families, the first year's distribution will be limited to 10 percent on equity. The Assistant Secretary may provide for increases in subsequent years' distributions on an annual or other basis so that the permitted return reflects a 10 percent return on the value in subsequent years, as determined by HUD, of the approved initial equity. Any such adjustment will be made by Notice in the FEDERAL REGISTER.

(c) For the purpose of determining the allowable distribution, an owner's equity investment in a project is deemed to be 10 percent of the replacement cost of the part of the project attributable to dwelling use accepted by HUD at cost certification (see § 880.405) unless the owner justifies a higher equity contribution by cost certification documentation in accordance with HUD mortgage insurance procedures.

(d) Any short-fall in return may be made up from surplus project funds in future years.

(e) If HUD determines at any time that project funds are more than the amount needed for project operations, reserve requirements and permitted distribution, HUD may require the excess to be placed in an account to be used to reduce housing assistance payments or for other project purposes. Upon termination of the Contract, any excess funds must be remitted to HUD.

(f) Owners of small projects or partially-assisted projects are exempt from the limitation on distributions contained in paragraphs (b) through (d) of this section.

(g) In the case of HUD-insured projects, the provisions of this section will apply instead of the otherwise applicable mortgage insurance program provisions.
