

rate of interest equal to the minimum loan interest rate as specified in the Annual Contributions Contract for the Project on the date of HUD approval of the Development Cost Budget, described in paragraph (a) of this section, rounded up, if necessary, to the next multiple of one-fourth of one percent ($\frac{1}{4}$ percent).

(c) *Methods of purchase.* (1) The homebuyer may achieve ownership when the amount in his EHPA, plus such portion of the NRMR as he wishes to use for the purchase, is equal to the purchase price as shown at that time on his Purchase Price Schedule plus all Incidental Costs (Incidental Costs mean the costs incidental to acquiring ownership, including, but not limited to, the costs for a credit report, field survey, title examination, title insurance, and inspections, the fees for attorneys other than the LHA's attorney, mortgage application and organization, closing and recording, and the transfer taxes and loan discount payment, if any). If for any reason title to the home is not conveyed to the homebuyer during the month in which such circumstances occur, the purchase price shall be fixed at the amount specified for such month and the homebuyer shall be refunded (i) the net additions, if any, credited to his EHPA subsequent to such month, and (ii) such part of the monthly payments made by the homebuyer after the purchase price has been fixed which exceeds the sum of the break-even amount attributable to the unit and the interest portion of the debt service shown in the Purchase Price Schedule.

(2) Where the sum of the purchase price and Incidental Costs is greater than the amounts in the homebuyer's EHPA and NRMR as described in paragraph (c)(1) of this section, the homebuyer may achieve ownership by obtaining financing for or otherwise paying the excess amount. The purchase

generally authorized only if the project is currently or has been covered by a mortgage insured under another section of the National Housing Act. There is, however, a proviso which authorizes mortgage insurance for a condominium unit in a multi-family project even though the project is not or has not been covered by such a project mortgage, if the project involves eleven or less units.

price shall be the amount shown on his Purchase Price Schedule for the month in which the settlement date for the purchase occurs.

(d) The maximum period for achieving ownership shall be 30 years, but depending upon increases in the homebuyers income and the amount of credit which the homebuyer can accumulate through maintenance and voluntary payments, the period may be shortened accordingly.

§ 904.114 Payment upon resale at profit.

(a) *Promissory note.* (1) When a homebuyer achieves ownership (regardless of whether ownership is achieved under § 904.113 or § 904.115), he shall sign a note obligating him to make a payment to the LHA, subject to the provisions of paragraph (a)(2) or this section, in the event he resells his home at a profit within 5 years of actual residence in the home after he becomes a homeowner. If, however, the homeowner should purchase and occupy another home within one year (18 months in case of a newly constructed home) of the resale of the Turnkey III home, the LHA shall refund to the homeowner the amount previously paid by him under the note, less the amount, if any, by which the resale price of the Turnkey III home exceeds the acquisition price of the new home, provided that application for such refund shall be made no later than 30 days after the date of acquisition of the new home.

(2) The note to be signed by the homebuyer pursuant to paragraph (a)(1) of this section shall be a non interest-bearing promissory note (see Appendix IV) to the LHA. The note shall be executed at the time the homebuyer becomes a homeowner and shall be secured by a second mortgage. The initial amount of the note shall be computed by taking the appraised value of the home at the time the homebuyer becomes a homeowner and subtracting (i) the homebuyer's purchase price plus the Incidental Costs and (ii) the increase in value of the home, determined by appraisal, caused by improvements paid for by the homebuyer with funds from sources other than the EHPA or NRMR. The note shall provide that this initial amount shall be

§ 904.115

automatically reduced by 20 percent thereof at the end of each year of residency as a homeowner, with the note terminating at the end of the five-year period of residency, as determined by the LHA. To protect the homeowner, the note shall provide that the amount payable under it shall in no event be more than the net profit on the resale, that is, the amount by which the resale price exceeds the sum of (A) the homebuyer's purchase price plus the Incidental Costs, (B) the costs of the resale, including commissions and mortgage prepayment penalties, if any, and (C) the increase in value of the home, determined by appraisal, due to improvements paid for by him as a homebuyer (with funds from sources other than the EHPA or NRMR) or as a homeowner.

(3) Amounts collected by the LHA under such notes shall be retained by the LHA for use in making refunds pursuant to paragraph (a)(1) of this section. After expiration of the period for the filing of claims for such refunds, any remaining amounts shall be applied (i) to reduce the LHA's capital indebtedness on the Project and (ii) after such indebtedness has been paid, for such purposes as may be authorized or approved by HUD under such Annual Contributions Contract as the LHA may then have with HUD.

Illustration. If the homeowner's purchase price is \$10,000, the Incidental Costs are \$500, the value added by improvements is \$1,000, and the FHA appraised value at the time he acquires ownership is \$17,000, the note computation would be as follows:

FHA appraised value	\$17,000	
Homeowner's purchase price	\$10,000	
Incidental costs	500	
Improvements	1,000	11,500
Initial note amount		5,500

In this example, the amount of the note during the first year of residence is \$5,500. In the second year, the amount of the note is \$4,400, and in the third year, it is \$3,300, etc. The note shall terminate at the end of the fifth year.

If the homeowner in this example resells his home during the first year for a sales price of \$17,500, has resale costs of \$1,600 (including a sales commission), and has added \$1,500 value by further improvements, he would be required to pay the LHA \$2,900 rather than the \$5,500, as indicated in the following computations:

Resale price		\$17,500
Resale costs	\$1,600	
Purchase price and Incidental costs	10,500	
All improvements	2,500	14,600
Payable to LHA		2,900

(b) *Residency requirements.* The five-year note period does not end if the homeowner rents or otherwise does not use the home as his principal place of residence for any period within the first five years after he achieves ownership. Only the actual amount of time he is in residence is counted and the note shall be in effect until a total of five years time of residence has elapsed, at which time the homeowner may request the LHA to release him from the note, and the LHA shall do so.

§ 904.115 Achievement of ownership by subsequent homebuyers.

(a) *Definition.* In the event the initial homebuyer and his family vacate the home before having acquired ownership, a subsequent occupant who enters into a Homebuyer's Ownership Opportunity Agreement and who is not a successor pursuant to § 904.107(1)(2) is herein called a "subsequent homebuyer."

(b) *Determination of initial purchase price.* The initial purchase price for a subsequent homebuyer shall be an amount equal to (1) the purchase price shown in the initial homebuyer's Purchase Price Schedule as of the date of this Agreement with the subsequent homebuyer plus (2) the amount, if any, by which the appraised fair market value of the home, determined or approved by HUD as of the same date, exceeds the purchase price specified in paragraph (b)(1) of this section.

(c) *Purchase price schedule.* The subsequent homebuyer's Purchase Price Schedule shall be the same as the unexpired portion of the initial homebuyer's Purchase Price Schedule except that where his purchase price includes an additional amount as specified in paragraph (b)(2) of this section, the initial homebuyer's Purchase Price Schedule shall be followed by an Additional Purchase Price Schedule for such additional amount based upon the same monthly debt service and the same interest rate as applied to the initial homebuyer's Purchase Price Schedule.
