Lessees shall include as part of the submittal requirements any contracts, agreements, contract amendments, or other documents that affect the gross proceeds received for the sale of coal, as well as any other information regarding any consideration received for the sale or disposition of coal that is not included in such contracts. At the time of its contract submittals, MMS may require the lessee to certify in writing that it has provided all documents and information that reflect the total consideration provided by purchasers of coal from ad valorem leases subject to this subpart. Information requested under this section may include contracts for both ad valorem

Any oral sales arrangement negotiated by the lessee must be placed in a written form and be retained by the lessee. Nothing in this section shall be construed to limit the authority of MMS to obtain or have access to information pursuant to 30 CFR part 212.

(d) Information required to be submitted under this section that constitutes trade secrets and commercial and financial information that is identified as privileged or confidential shall not be available for public inspection or made public or disclosed without the consent of the lessee or other payor, except as otherwise provided by law or regulation.
