

§ 280.11

(c) Mineral sampling of a limited nature such as that using either test drillholes or cores to less than 300 feet below the seafloor;

(d) Water and biotic sampling, if the sampling does not adversely affect shellfish beds, marine mammals, or an endangered species or if permitted by the National Marine Fisheries Service or another Federal Agency;

(e) Meteorological observations and measurements, including the setting of instruments;

(f) Hydrographic and oceanographic observations and measurements, including the setting of instruments;

(g) Sampling by box core or grab sampler to determine seabed geological or geotechnical properties;

(h) Television and still photographic observation and measurements;

(i) Shipboard mineral assaying and analysis; and

(j) Placement of positioning systems, including bottom transponders and surface and subsurface buoys reported in Notices to Mariners.

§ 280.11 Notification.

(a) The Governor(s) of adjacent State(s) shall be notified by the Director with a copy of the application for a permit with the accompanying plan immediately upon the submission of an application for approval.

(b) In cases where an environmental assessment is to be prepared, the Director will invite the Governor(s) of adjacent States(s) to review and provide comments regarding the proposed activities. The Director's invitation to provide comments shall allow the Governor a specified period of time to comment.

(c) The Director shall notify Federal Agencies, as appropriate, with a copy of the application for a permit with the accompanying plan immediately upon the submission of the application for approval.

§ 280.12 Disclosure of information to the public.

(a) The Director shall make data, information, and samples available in accordance with the requirements and subject to the limitations of the Act, the Freedom of Information Act (5

30 CFR Ch. II (7-1-00 Edition)

U.S.C. 552), and the implementing regulations.

(b) For geological data, information, and samples and geophysical information submitted under a permit and retained by MMS, the Director shall make such data, information, and samples available to the public 25 years after the date of submission of the data and information or such earlier time as may be agreed to by the permittee who provides the data or information. Geophysical data submitted under a permit and retained by MMS shall be made available to the public by the Director 50 years after the date of submission to MMS unless an earlier date is agreed to by the permittee who submits the data.

(c) The Director reserves the right to disclose any data, information, or samples submitted by a permittee to an independent contractor or agent for the purpose of reproducing, processing, reprocessing, or interpreting the data or information. Such contractor or agent shall be subject to the same limitations on disclosure of data, information, and samples as those applicable to the Director under paragraph (b) of this section.

§ 280.13 Disclosure of data and information to the adjacent States.

(a) Proprietary data, information, and samples submitted to MMS by permittees shall be made available to adjacent State(s) upon request by the Governor(s) in accordance with paragraphs (b), (c), and (d) of this section.

(b) Disclosure shall occur only after the Governor has entered into an agreement with the Secretary providing that—

(1) The confidentiality of the information shall be maintained;

(2) In any action commenced against the Federal Government or the State for the failure to protect the confidentiality of proprietary information, the Federal Government or the State, as the case may be, may not raise as a defense any claim of sovereign immunity or any claim that the employee who revealed the proprietary information, which is the basis of the suit, was acting outside the scope of the person's employment in revealing the information;
