

(3) Permits containing experimental practices issued in accordance with § 785.13 of this chapter and permits with a variance from approximate original contour requirements in accordance with § 785.16 shall be reviewed as set forth in the permit or at least every 2½ years from the date of issuance as required by the regulatory authority, in accordance with §§ 785.13(g) and 785.16(c) of this chapter, respectively.

(b) After the review required by paragraph (a) of this section, or at any time, the regulatory authority may, by order, require reasonable revision of a permit in accordance with § 774.13 to ensure compliance with the Act and the regulatory program.

(c) Any order of the regulatory authority requiring revision of a permit shall be based upon written findings and shall be subject to the provisions for administrative and judicial review in part 775 of this chapter. Copies of the order shall be sent to the permittee.

(d) Permits may be suspended or revoked in accordance with subchapter L of this chapter.

§ 774.13 Permit revisions.

(a) *General.* During the term of a permit, the permittee may submit an application to the regulatory authority for a revision of the permit.

(b) *Application requirements and procedures.* the regulatory authority shall establish—

(1) A time period within which the regulatory authority will approve or disapprove an application for a permit revision; and

(2) Guidelines establishing the scale or extent of revisions for which all the permit application information requirements and procedures of this subchapter, including notice, public participation, and notice of decision requirements of §§ 773.13, 773.19(b) (1) and (3), and 778.21, shall apply. Such requirements and procedures shall apply at a minimum to all significant permit revisions.

(c) *Criteria for approval.* No application for a permit revision shall be approved unless the application demonstrates and the regulatory authority finds that reclamation as required by the Act and the regulatory program

can be accomplished, applicable requirements under § 773.15(c) which are pertinent to the revision are met, and the application for a revision complies with all requirements of the Act and the regulatory program.

(d) *Request to change permit boundary.* Any extensions to the area covered by the permit, except incidental boundary revisions, shall be made by application for a new permit.

§ 774.15 Permit renewals.

(a) *General.* A valid permit, issued pursuant to an approved regulatory program, shall carry with it the right of successive renewal, within the approved boundaries of the existing permit, upon expiration of the term of the permit.

(b) *Application requirements and procedures.* (1) An application for renewal of a permit shall be filed with the regulatory authority at least 120 days before expiration of the existing permit term.

(2) An application for renewal of a permit shall be in the form required by the regulatory authority and shall include at a minimum—

(i) The name and address of the permittee, the term of the renewal requested, and the permit number or other identifier;

(ii) Evidence that a liability insurance policy or adequate self-insurance under § 800.60 of this chapter will be provided by the applicant for the proposed period of renewal;

(iii) Evidence that the performance bond in effect for the operation will continue in full force and effect for any renewal requested, as well as any additional bond required by the regulatory authorities pursuant to subchapter J of this chapter;

(iv) A copy of the proposed newspaper notice and proof of publication of same, as required by § 778.21 of this chapter; and

(v) Additional revised or updated information required by the regulatory authority.

(3) Applications for renewal shall be subject to the requirements of public notification and public participation contained in §§ 773.13 and 773.19(b) of this chapter.

§ 774.17

(4) If an application for renewal includes any proposed revisions to the permit, such revisions shall be identified and subject to the requirements of § 774.13.

(c) *Approval process*—(1) *Criteria for approval.* The regulatory authority shall approve a complete and accurate application for permit renewal, unless it finds, in writing that—

(i) The terms and conditions of the existing permit are not being satisfactorily met;

(ii) The present surface coal mining and reclamation operations are not in compliance with the environmental protection standards of the Act and the regulatory program;

(iii) The requested renewal substantially jeopardizes the operator's continuing ability to comply with the Act and the regulatory program on existing permit areas;

(iv) The operator has not provided evidence of having liability insurance or self-insurance as required in § 800.60 of this chapter;

(v) The operator has not provided evidence that any performance bond required to be in effect for the operation will continue in full force and effect for the proposed period of renewal, as well as any additional bond the regulatory authority might require pursuant to subchapter J of this chapter; or

(vi) Additional revised or updated information required by the regulatory authority has not been provided by the applicant.

(2) *Burden of proof.* In the determination of whether to approve or deny a renewal of a permit, the burden of proof shall be on the opponents of renewal.

(3) *Alluvial valley floor variance.* If the surface coal mining and reclamation operation authorized by the original permit was not subject to the standards contained in sections 510(b)(5) (A) and (B) of the Act and § 785.19 of this chapter, because the permittee complied with the exceptions in the proviso to section 510(b)(5) of the Act, the portion of the application for renewal of the permit that addresses new land areas previously identified in the reclamation plan for the original permit shall not be subject to the standards contained in sections 510(b)(5) (A) and

30 CFR Ch. VII (7-1-00 Edition)

(B) of the Act and § 785.19 of this chapter.

(d) *Renewal term.* Any permit renewal shall be for a term not to exceed the period of the original permit established under § 773.19.

(e) *Notice of decision.* The regulatory authority shall send copies of its decision to the applicant, to each person who filed comments or objections on the renewal, to each party to any informal conference held on the permit renewal, and to OSM if OSM is not the regulatory authority.

(f) *Administrative and judicial review.* Any person having an interest which is or may be adversely affected by the decision of the regulatory authority shall have the right to administrative and judicial review set forth in part 775 of this chapter.

§ 774.17 Transfer, assignment, or sale of permit rights.

(a) *General.* No transfer, assignment, or sale of rights granted by a permit shall be made without the prior written approval of the regulatory authority.

(b) *Application requirements.* An applicant for approval of the transfer, assignment, or sale of permit rights shall—

(1) Provide the regulatory authority with an application for approval of the proposed transfer, assignment, or sale including—

(i) The name and address of the existing permittee and permit number or other identifier;

(ii) A brief description of the proposed action requiring approval; and

(iii) The legal, financial, compliance, and related information required by part 778 of this chapter for the applicant for approval of the transfer, assignment, or sale of permit rights.

(2) Advertise the filing of the application in a newspaper of general circulation in the locality of the operations involved, indicating the name and address of the applicant, the permittee, the permit number or other identifier, the geographic location of the permit, and the address to which written comments may be sent;

(3) Obtain appropriate performance bond coverage in an amount sufficient
