

(1) Oversee the nationwide competition to select NDSEG fellowship recipients.

(2) Determine those science, engineering and other fields of priority interest to the Department of Defense in which NDSEG fellowships are to be awarded.

(3) Prepare a regulation, in accordance with 10 U.S.C. 2191, that prescribes.

(i) Procedures for selecting NDSEG fellows.

(ii) The basis for determining the amounts of NDSEG fellowships.

(iii) The maximum NDSEG fellowship amount that may be awarded to an individual during an academic year.

PART 169—COMMERCIAL ACTIVITIES PROGRAM

Sec.

169.1 Purpose.

169.2 Applicability and Scope.

169.3 Definitions.

169.4 Policy.

169.5 Responsibilities.

AUTHORITY: 5 U.S.C. 301 and 552 and Pub. L. 93-400.

SOURCE: 54 FR 13373, Apr. 3, 1989, unless otherwise noted.

§ 169.1 Purpose.

This document:

(a) Revises 32 CFR part 169.

(b) Updates DoD policies and assigns responsibilities for commercial activities (CAs) as required by E.O. 12615, Pub. L. 100-180, sec. 1111, and OMB Circular A-76.

§ 169.2 Applicability and scope.

This part:

(a) Applies to the Office of the Secretary of Defense (OSD), the Military Departments, and the Defense Agencies (hereafter referred to collectively as "DoD Components").

(b) Encompasses DoD policy for CAs in the United States, its territories and possessions, the District of Columbia, and the Commonwealth of Puerto Rico.

(c) Is not mandatory for CAs staffed solely with DoD civilian personnel paid by nonappropriated funds, such as military exchanges. However, this part is mandatory for CAs when they are staffed partially with DoD civilian per-

sonnel paid by or reimbursed from appropriated funds, such as libraries, open messes, and other morale, welfare, and recreation (MWR) activities. When related installation support functions are being cost-compared under a single solicitation, a DoD Component may decide that it is practical to include activities staffed solely with DoD civilian personnel paid by nonappropriated funds.

(d) Does not apply to DoD governmental functions as defined § 169.3.

(e) Does not apply when contrary to law, Executive orders, or any treaty or international agreement.

(f) Does not apply in times of a declared war or military mobilization.

(g) Does not provide authority to enter into contracts.

(h) Does not apply to the conduct of research and development, except for severable in-house CAs that support research and development, such as those listed in enclosure 3 of DoD Instruction 4100.33¹ (32 CFR part 169a).

(i) Does not justify conversion to contract solely to avoid personnel ceilings or salary limitations.

(j) Does not authorize contracts that establish an employer-employee relationship between the Department of Defense and contractor employees, as described in FAR 37.104.

§ 169.3 Definitions.

Commercial Activity Review. The process of evaluating CAs for the purpose of determining whether or not a cost comparison will be conducted.

Commercial Source. A business or other non-Federal activity located in the United States, its territories and possessions, the District of Columbia, or the Commonwealth of Puerto Rico that provides a commercial product or service.

Conversion to Contract. The change-over of a CA from performance by DoD personnel to performance under contract by a commercial source.

Conversion to In-House. The change-over of a CA from performance under

¹Copies may be obtained, if needed, from the U.S. Naval Publications and Forms Center, ATTN: Code 1053, 5801 Tabor Avenue, Philadelphia, PA 19120.

contract to performance by DoD personnel.

Core Logistics. Those functions identified as core logistics activities pursuant to section 307 of Pub. L. 98-525 and section 1231 of Pub. L. 99-145, codified at section 2464, title 10 that are necessary to maintain a logistics capability (including personnel, equipment, and facilities) to ensure a ready and controlled source of technical competence and resources necessary to ensure effective and timely response to a mobilization, national defense contingency situation, and other emergency requirements.

Cost Comparison. The process of developing an estimate of the cost of performance of a CA by DoD employees and comparing it, in accordance with the requirements in DoD Instruction 4100.33 to the cost of performance by contract.

Direct-Conversion. Conversion to contract performance of an in-house commercial activity based on a simplified cost comparison or the conversion of an in-house commercial activity performed exclusively by military personnel.

Displaced DoD Employee. Any DoD employee affected by conversion to contract operation (including such actions as job elimination, or grade reduction). It includes both employees in the function converted to contract and employees outside the function who are affected adversely by conversion through reassignment or the exercise of bumping or retreat rights.

DoD Commercial Activity (CA). An activity that provides a product or service obtainable (or obtained) from a commercial source. A DoD CA may be the mission of an organization or a function within the organization. It must be type of work that is separable from other functions or activities so that it is suitable for performance by contract. A representative list of the functions performed by such activities is provided in enclosure 3 of DoD Instruction 4100.33. A DoD CA falls into one of two categories:

(a) Contract CA. A DoD CA managed by a DoD Component, but operated with contractor personnel.

(b) In-House CA. A DoD CA operated by a DoD Component with DoD personnel.

DoD Employee. Civilian personnel of the Department of Defense.

DoD Governmental Function. A function that is related so intimately to the public interest as to mandate performance by DoD personnel. These functions include those that require either the exercise of discretion in applying Government authority or the use of value judgment in making the decision for the Department of Defense. Services or products in support of Governmental functions, such as those listed in enclosure 3 of DoD Instruction 4100.33, are CAs and are subject to this part and its implementing Instructions. Governmental functions normally fall into two categories:

(a) *Act of Governing.* The discretionary exercise of Governmental authority. Examples include criminal investigations, prosecutions, and other judicial functions; management of Government programs requiring value judgments, as in direction of the national defense; management and direction of the Armed Services; activities performed exclusively by military personnel who are subject to deployment in a combat, combat support, or combat service support role; conduct of foreign relations; selection of program priorities; direction of Federal employees; regulation of the use of space, oceans, navigable rivers, and other natural resources; management of natural resources on Federal Property; direction of intelligence and counterintelligence operations; and regulation of industry and commerce, including food and drugs.

(b) *Monetary Transactions and Entitlements.* Refers to such actions as tax collection and revenue disbursements; control of treasury accounts and the money supply, and the administration of public trusts.

DoD Personnel. Military and civilian personnel of the Department of Defense.

Expansion. The modernization, replacement, upgrading, or enlargement of a DoD CA involving a cost increase exceeding either 30 percent of the total capital investment or 30 percent of the annual personnel and material costs. A

consolidation of two or more CAs is not an expansion, unless the proposed total capital investment or annual personnel and material costs of the consolidation exceeds the total of the individual CAs by 30 percent or more.

Installation. An installation is the grouping of facilities, collocated in the same vicinity, that supports particular functions. Activities collocated and supported by an installation are considered to be tenants.

Installation Commander. The commanding officer or head of an installation or a tenant activity, who has budget and supervisory control over resources and personnel.

New Requirement. A recently established need for a commercial product or service. A new requirement does not include interim in-house operation of essential services pending reacquisition of the services prompted by such action as the termination of an existing contract operation.

Preferential Procurement Programs. Preferential procurement programs include mandatory source programs such as Federal Prison Industries (FPI) and the workshops administered by the Committee for Purchase from the Blind and Other Severely Handicapped under Pub. L. 92-98. Small, minority, and disadvantaged businesses; and labor surplus area set-asides and awards made under Pub. L. 85-536, section 8(a) and Pub. L. 95-507 are included under preferential procurement programs.

Right of First Refusal of Employment. Contractors provide Government employees, displaced as a result of the conversion to contract performance, the right of first refusal for employment openings under the contract in positions for which they are qualified, if that employment is consistent with post-Government employment conflict of interest standards.

§ 169.4 Policy.

(a) *Ensure DoD Mission Accomplishment.* When complying with this part and its implementing Instruction, DoD Components shall consider the overall DoD mission and the defense objective of maintaining readiness and sustainability to ensure a capability for mobi-

lizing the defense and support structure.

(b) *Achieve Economy and Quality through Competition.* Encourage competition with the objective of enhancing quality, economy, and performance. When performance by a commercial source is permissible, a comparison of the cost of contracting and the cost of in-house performance shall be performed to determine who shall provide the best value for the Government, considering price and other factors included in the solicitation. The restriction of a solicitation to a preferential procurement program does not negate the requirement to perform a cost comparison. Performance history will be considered in the source selection process, and high quality performance should be rewarded.

(c) *Retain Governmental Functions In-House.* Certain functions that are inherently governmental in nature, and intimately related to the public interest, mandate performance by DoD personnel only. These functions are not in competition with commercial sources; therefore, these functions shall be performed by DoD personnel.

(d) *Rely on the Commercial Sector.* DoD Components shall rely on commercially available sources to provide commercial products and services except when required for national defense, when no satisfactory commercial source is available, or when in the best interest of direct patient care. DoD Components shall not consider an in-house new requirement, an expansion of an in-house requirement, conversion to in-house, or otherwise carry on any CAs to provide commercial products or services if the products or services can be procured more economically from commercial sources.

(e) *Delegate Decision Authority and Responsibility.* DoD Components shall delegate decision authority and responsibility to lower organization levels, giving more authority to the doers, and linking responsibility with that authority. This shall facilitate the work that installation commanders must perform without limiting their freedom to do their jobs. When possible, the installation commanders should have the freedom to make intelligent use of their resources, while preserving the
