§ 220.1 Purpose and applicability.

This part implements the provisions of 10 U.S.C. 1095. In general, 10 U.S.C. 1095 establishes the statutory obligation of third party payers to reimburse the United States the reasonable costs of healthcare services provided by facilities of the Uniformed Services to most Uniformed Services medical care beneficiaries who are also covered by a

third party payer's plan. This part establishes the Department of Defense interpretations and requirements applicable to all healthcare services subject to 10 U.S.C. 1095.

[57 FR 41100, Sept. 9, 1992]

§ 220.2 Statutory obligation of third party payer to pay.

(a) *Basic rule.* Pursuant to 10 U.S.C. 1095(a)(1), a third party payer has an obligation to pay the United States the reasonable costs of healthcare services provided in any facility of the Uniformed Services to a Uniformed Services beneficiary who is also a beneficiary under the third party payer's plan. The obligation to pay is to the extent that the beneficiary would be eligible to receive reimbursement or indemnification from the third party payer if the beneficiary were to incur the costs on the beneficiary's own behalf.

(b) *Application of cost shares.* If the third party payer's plan includes a requirement for a deductible or copayment by the beneficiary of the plan, then the amount the United States may collect from the third party payer is the reasonable cost of the care provided less the appropriate deductible or copayment amount.

(c) *Claim from United States exclusive.* The only way for a third party payer to satisfy its obligation under 10 U.S.C. 1095 is to pay the facility of the uniformed service or other authorized representative of the United States. Payment by a third party payer to the beneficiary does not satisfy 10 U.S.C. 1095.

(d) *Assignment of benefits not necessary.* The obligation of the third party payer to pay is not dependent upon the beneficiary executing an assignment of benefits to the United States.

[55 FR 21748, May 29, 1990, as amended at 57 FR 41101, Sept. 9, 1992]

§ 220.3 Exclusions impermissible.

(a) *Statutory requirement.* Under 10 U.S.C. 1095(b), no provision of any third party payer's plan having the effect of excluding from coverage or limiting payment for certain care if that care is provided in a facility of the uniformed

services shall operate to prevent collection by the United States.

(b) *General rules.* Based on the statutory requirement, the following are general rules for the administration of 10 U.S.C. 1095 and this part.

(1) Express exclusions or limitations in third party payer plans that are inconsistent with 10 U.S.C. 1095(b) are inoperative.

(2) No objection, precondition or limitation may be asserted that defeats the statutory purpose of collecting from third party payers.

(3) Third party payers may not treat claims arising from services provided in facilities of the uniformed services less favorably than they treat claims arising from services provided in other hospitals.

(4) No objection, precondition or limitation may be asserted that is contrary to the basic nature of facilities of the uniformed services.

(c) *Specific examples of impermissible exclusion.* The following are several specific examples of impermissible exclusions, limitations or preconditions. These examples are not all inclusive.

(1) *Care provided by a government entity.* A provision in a third party payer's plan that purports to disallow or limit payment for services provided by a government entity or paid for by a government program (or similar exclusion) is not a permissible ground for refusing or reducing third party payment.

(2) *No obligation to pay.* A provision in a third party payer's plan that purports to disallow or limit payment for services for which the patient has no obligation to pay (or similar exclusion) is not a permissible ground for refusing or reducing third party payment.

(3) *Exclusion of military beneficiaries.* No provision of an employer sponsored program or plan that purports to make ineligible for coverage individuals who are uniformed services health care beneficiaries shall be permissible.

(4) *No participation agreement.* The lack of a participation agreement or the absence of privity of contract between a third party payer and a facility of the uniformed services is not a

permissible ground for refusing or reducing third party payment.

[55 FR 21748, May 29, 1990, as amended at 57 FR 41101, Sept. 9, 1992]

§220.4 Reasonable terms and conditions of health plan permissible.

(a) *Statutory requirement.* The statutory obligation of the third party to pay is not unqualified. Under 10 U.S.C. 1095(a)(1) (as noted in §220.2 of this part), the obligation to pay is to the extent the third party payer would be obliged to pay if the beneficiary incurred the costs personally.

(b) *General rules.* (1) Based on the statutory requirement, after any impermissible exclusions have been made inoperative (see §220.3 of this part), reasonable terms and conditions of the third party payer's plan that apply generally and uniformly to services provided in facilities other than facilities of the uniformed services may also be applied to services provided in facilities of the uniformed services.

(2) Third party payers are not required to treat claims arising from services provided in facilities of the uniformed services more favorably than they treat claims arising from services provided in other hospitals.

(c) *Specific examples of permissible terms and conditions.* The following are several specific examples of permissible terms and conditions of third party payer plans. These examples are not all inclusive.

(1) *Generally applicable coverage provisions.* Generally applicable provisions regarding particular types of medical care or medical conditions covered by the third party payer's plan are permissible grounds to refuse or limit third party payment.

(2) *Generally applicable utilization review provisions.* Generally applicable provisions of the third party payer's plan requiring preadmission screening, second surgical opinions, retrospective review or other similar utilization review activities are permissible grounds to refuse or reduce third party payment if such refusal or reduction is required by the third party payer's plan. Such provisions, however, may not be applied in a manner that would result in claims arising from services provided by facilities of the uniformed
