

(e) The DoD Component may, at its option, restrict the transfer of funds among direct cost categories, functions and activities for awards in which the Federal share of the project exceeds \$100,000 and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent of the total budget as last approved by the DoD Component. As a matter of DoD policy, requiring prior approvals for such transfers generally is not appropriate for grants to support research. No DoD Component shall permit a transfer that would cause any Federal appropriation or part thereof to be used for purposes other than those consistent with the original intent of the appropriation.

(f) For construction awards, recipients shall request prior written approval promptly from grants officers for budget revisions whenever:

(1) The revision results from changes in the scope or the objective of the project or program;

(2) The need arises for additional Federal funds to complete the project; or

(3) A revision is desired which involves specific costs for which prior written approval requirements may be imposed consistent with applicable OMB cost principles listed in § 32.27.

(g) When a DoD Component makes an award that provides support for both construction and nonconstruction work, the DoD Component may require the recipient to request prior approval from the grants officer before making any fund or budget transfers between the two types of work supported.

(h) No other prior approval requirements for specific items may be imposed unless a deviation has been approved, in accordance with the deviation procedures in § 32.4(c).

(i) For both construction and nonconstruction awards, DoD Components shall require recipients to notify the grants officer in writing promptly whenever the amount of Federal authorized funds is expected to exceed the needs of the recipient for the project period by more than \$5000 or five percent of the Federal award, whichever is greater. This notification shall not be required if an application for additional funding is submitted for a continuation award.

(j) When requesting approval for budget revisions, recipients shall use the budget forms that were used in the application unless the grants officer indicates a letter of request suffices.

(k) Within 30 calendar days from the date of receipt of the request for budget revisions, the grants officer shall review the request and notify the recipient whether the budget revisions have been approved. If the revision is still under consideration at the end of 30 calendar days, the grants officer shall inform the recipient in writing of the date when the recipient may expect the decision.

§ 32.26 Non-Federal audits.

(a) Recipients and subrecipients that are institutions of higher education or other non-profit organizations (including hospitals) shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133,⁷ "Audits of States, Local Governments, and Non-Profit Organizations."

(b) State and local governments that are subrecipients shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

(c) Hospitals that are subrecipients and are not covered by the audit provisions of revised OMB Circular A-133 shall be subject to the audit requirements specified in award terms and conditions.

(d) For-profit organizations that are subrecipients shall be subject to the audit requirements specified in 32 CFR 34.16.

§ 32.27 Allowable costs.

(a) *General.* For each kind of recipient or subrecipient of a cost-type assistance award, or each contractor receiving a cost-type contract under an assistance award, there is a set of Federal principles for determining allowable costs. Allowability of costs shall be determined in accordance with the

⁷See footnote 1 to § 32.1(a).

§ 32.28

cost principles applicable to the entity incurring the costs.

(b) *Governmental organizations.* Allowability of costs incurred by State, local or federally-recognized Indian tribal governments that may be subrecipients or contractors under awards subject to this part is determined in accordance with the provisions of OMB Circular A-87,⁸ "Cost Principles for State and Local Governments."

(c) *Non-profit organizations.* The allowability of costs incurred by non-profit organizations that may be recipients or subrecipients of awards subject to this part, or contractors under such awards, is determined in accordance with the provisions of OMB Circular A-122, "Cost Principles for Non-Profit Organizations."

(d) *Higher educational institutions.* The allowability of costs incurred by institutions of higher education that may be recipients, subrecipients, or contractors is determined in accordance with the provisions of OMB Circular A-21, "Cost Principles for Educational Institutions."

(e) *Hospitals.* The allowability of costs incurred by hospitals that are recipients, subrecipients, or contractors is determined in accordance with the provisions of Appendix E to 45 CFR part 74, "Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals."

(f) *For-profit organizations.* The allowability of costs incurred by subrecipients or contractors that are either for-profit organizations or non-profit organizations listed in Attachment C to Circular A-122 is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR part 31; however, the grants officer or the award terms and conditions may in rare cases authorize a determination of allowable costs that are in accordance with uniform cost accounting standards and comply with cost principles acceptable to the Department of Defense.

§ 32.28 Period of availability of funds.

Where a funding period is specified, a recipient may charge to the award only

⁸See footnote 1 to § 32.1(a).

32 CFR Ch. I (7-1-99 Edition)

allowable costs resulting from obligations incurred during the funding period and any pre-award costs (see § 32.25(d)(2)(i)) authorized by the DoD Component.

PROPERTY STANDARDS

§ 32.30 Purpose of property standards.

Sections 32.31 through 32.37 set forth uniform standards governing management and disposition of property furnished by the Federal Government and property whose cost was charged to a project supported by a Federal award. DoD Components shall require recipients to observe these standards under awards and shall not impose additional requirements, unless specifically required by Federal statute. The recipient may use its own property management standards and procedures provided it observes the provisions of §§ 32.31 through 32.37.

§ 32.31 Insurance coverage.

Recipients shall, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired with Federal funds as provided to property owned by the recipient. Federally-owned property need not be insured unless required by the terms and conditions of the award.

§ 32.32 Real property.

Each DoD Component that makes awards under which real property is acquired in whole or in part with Federal funds shall prescribe requirements for recipients concerning the use and disposition of such property. Unless otherwise provided by statute, such requirements, at a minimum, shall contain the following:

(a) Title to real property shall vest in the recipient subject to the condition that the recipient shall use the real property for the authorized purpose of the project as long as it is needed and shall not encumber the property without approval of the DoD Component.

(b) The recipient shall obtain written approval by the grants officer for the use of real property in other federally sponsored projects when the recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects
