

of individual awards on a routine basis. Therefore, a grants officer:

(1) Shall consider whether the independent audit satisfies his or her requirements, before requesting any additional audits; and

(2) When requesting an additional audit, shall:

(i) Limit the scope of such additional audit to areas not adequately addressed by the independent audit.

(ii) Coordinate the audit request with the Federal agency with the predominant fiscal interest in the recipient, as the agency responsible for the scheduling and distribution of audits. If DoD has the predominant fiscal interest in the recipient, the Defense Contract Management Command (DCMC) is responsible for monitoring audits, ensuring resolution of audit findings, and distributing audit reports. When an additional audit is requested and DoD has the predominant fiscal interest in the recipient, DCMC shall, to the extent practicable, ensure that the additional audit builds upon the independent audit or other audits performed in accordance with this section.

(e) There may be instances in which Federal auditors have recently performed audits, are performing audits, or are planning to perform audits, of a recipient. In these cases, the recipient and its Federal cognizant agency should seek to have the non-Federal, independent auditors work with the Federal auditors to develop a coordinated audit approach, to minimize duplication of audit work.

(f) Audit costs (including a reasonable allocation of the costs of the audit of the recipient's financial statement, based on the relative benefit to the Government and the recipient) are allowable costs of DoD awards.

#### § 34.17 Allowable costs.

Allowability of costs shall be determined in accordance with the cost principles applicable to the type of entity incurring the costs, as follows:

(a) *For-profit organizations.* Allowability of costs incurred by for-profit organizations that are recipients of prime awards from DoD Components, and those that are subrecipients under prime awards to other organizations, is to be determined in accordance with:

(1) The for-profit cost principles in 48 CFR parts 31 and 231 (in the Federal Acquisition Regulation, or FAR, and the Defense Federal Acquisition Regulation Supplement, or DFARS, respectively).

(2) The supplemental information on allowability of audit costs, in § 34.16(f).

(b) *Other types of organizations.* Allowability of costs incurred by other types of organizations that may be subrecipients under a prime award to a for-profit organization is determined as follows:

(1) *Institutions of higher education.* Allowability is determined in accordance with OMB Circular A-21,<sup>3</sup> "Cost Principles for Educational Institutions."

(2) *Other nonprofit organizations.* Allowability is determined in accordance with OMB Circular A-122,<sup>4</sup> "Cost Principles for Non-Profit Organizations." Note that Attachment C of the Circular identifies selected nonprofit organizations for whom cost allowability is determined in accordance with the FAR cost principles for for-profit organizations.

(3) *Hospitals.* Allowability is determined in accordance with the provisions of 45 CFR part 74, Appendix E, "Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals."

(4) *Governmental organizations.* Allowability for State, local, or federally recognized Indian tribal governments is determined in accordance with OMB Circular A-87,<sup>5</sup> "Cost Principles for State and Local Governments."

#### § 34.18 Fee and profit.

In accordance with 32 CFR 22.205(b), grants and cooperative agreements shall not:

(a) Provide for the payment of fee or profit to the recipient.

(b) Be used to carry out programs where fee or profit is necessary to achieving program objectives.

## PROPERTY STANDARDS

**§ 34.20 Purpose of property standards.**

Sections 34.21 through 34.25 set forth uniform standards for management, use, and disposition of property. DoD Components shall encourage recipients to use existing property-management systems, to the extent that the systems meet these minimum requirements.

**§ 34.21 Real property and equipment.**

(a) *Prior approval for acquisition with Federal funds.* Recipients may purchase real property or equipment in whole or in part with Federal funds under an award only with the prior approval of the grants officer.

(b) *Title.* Title to such real property or equipment shall vest in the recipient upon acquisition. Unless a statute specifically authorizes a DoD Component to vest title in the recipient without further obligation to the Government, and the DoD Component elects to do so, the title shall be a conditional title. Title shall vest in the recipient subject to the conditions that the recipient:

(1) Use the real property or equipment for the authorized purposes of the project until funding for the project ceases, or until the property is no longer needed for the purposes of the project.

(2) Not encumber the property without approval of the grants officer.

(3) Use and dispose of the property in accordance with paragraphs (d) and (e) of this section.

(c) *Federal interest in real property or equipment offered as cost-share.* A recipient may offer the full value of real property or equipment that is purchased with recipient's funds or that is donated by a third party to meet a portion of any required cost sharing or matching, subject to the prior approval requirement in § 34.13(a)(7). If a recipient does so, the Government has a financial interest in the property, a share of the property value attributable to the Federal participation in the project. The property therefore shall be considered as if it had been acquired in part with Federal funds, and shall be subject to the provisions of paragraphs (b)(1), (b)(2) and (b)(3) of

this section, and to the provisions of § 34.23.

(d) *Use.* If real property or equipment is acquired in whole or in part with Federal funds under an award, and the award provides that title vests conditionally in the recipient, the real property or equipment is subject to the following:

(1) During the time that the real property or equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs, if such other use will not interfere with the work on the project or program for which the real property or equipment was originally acquired. Use of the real property or equipment on other projects will be in the following order of priority:

(i) Activities sponsored by DoD Components' grants, cooperative agreements, or other assistance awards;

(ii) Activities sponsored by other Federal agencies' grants, cooperative agreements, or other assistance awards;

(iii) Activities under Federal procurement contracts, or activities not sponsored by any Federal agency. If so used, use charges shall be assessed to those activities. For real property or equipment, the use charges shall be at rates equivalent to those for which comparable real property or equipment may be leased. The use charges shall be treated as program income.

(2) After Federal funding for the project ceases, or when the real property or equipment is no longer needed for the purposes of the project, the recipient may use the real property or equipment for other projects, insofar as:

(i) There are Federally sponsored projects for which the real property or equipment may be used. If the only use for the real property or equipment is for projects that have no Federal sponsorship, the recipient shall proceed with disposition of the real property or equipment, in accordance with paragraph (e) of this section.

(ii) The recipient obtains written approval from the grants officer to do so. The grants officer shall ensure that
