

States to pay reasonable attorney fees and other litigation costs.

(c) When the court orders the release of denied records, it may also issue a written finding that the circumstances surrounding the withholding raise questions whether DoD Component personnel acted arbitrarily and capriciously. In these cases, the special counsel of the Merit Systems Protection Board shall conduct an investigation to determine whether or not disciplinary action is warranted. The DoD Component is obligated to take the action recommended by the special counsel.

(d) The court may punish the responsible official for contempt when a DoD Component fails to comply with the court order to produce records that it determines have been withheld improperly.

§ 518.79 Non-United States Government source information.

A requester may bring suit in a U.S. District Court to compel the release of records obtained from a nongovernment source or records based on information obtained from a nongovernment source. Such source shall be notified promptly of the court action. When the source advises that it is seeking court action to prevent release, the DoD Component shall defer answering or otherwise pleading to the complainant as long as permitted by the Court or until a decision is rendered in the court action of the source, whichever is sooner.

§ 518.80 Litigation status sheet.

FOIA managers at DoD Component level shall be aware of litigation under the FOIA. Such information will provide management insights into the use of the nine exemptions by Component personnel. The Litigation Status Sheet at appendix C provides a standard format for recording information concerning FOIA litigation and forwarding that information to the Office of the Secretary of Defense. Whenever a complaint under the FOIA is filed in a U.S. District Court, the DoD Component named in the complaint shall forward a Litigation Status Sheet, with items 1 through 6 completed, and a copy of the complaint to the OASD(PA), Attn:

DFOISR, with an information copy to the General Counsel, Department of Defense, Attn: Office of Legal Counsel. A revised Litigation Status Sheet shall be provided at each stage of the litigation. In the Department of the Army, HQDA TJAG (DAJA-LT), WASH DC 20310-2210 is responsible for preparing this report.

Subpart F—Fee Schedule

GENERAL PROVISIONS

§ 518.81 Authorities.

The Freedom of Information Act (5 U.S.C. 552), as amended; by the Freedom of Information Reform Act of 1986; the Paperwork Reduction Act (44 U.S.C. 35); the Privacy Act of 1974 (5 U.S.C. 552a); the Budget and Accounting Act of 1921 (31 U.S.C. 1 et seq.); the Budget and Accounting Procedures Act (31 U.S.C. 67 et seq.); the Defense Authorization Act for FY 87, Section 954, (Pub. L. 99-661); as amended by the Defense Technical Corrections Act of 1987 (Pub. L. 100-26).

§ 518.82 Application.

(a) The fees described in this subpart apply to FOIA requests, and conform to the Office of Management and Budget Uniform Freedom of Information Act Fee Schedule and Guidelines. They reflect direct costs for search, review (in the case of commercial requesters), and duplication of documents, collection of which is permitted by the FOIA. They are neither intended to imply that fees must be charged in connection with providing information to the public in the routine course of business, nor are they meant as a substitute for any other schedule of fees, such as DoD Instruction 7230.7 (reference (r)) (AR 37-60), which does not supersede the collection of fees under the FOIA. Nothing in this Chapter shall supersede fees chargeable under a statute specifically providing for setting the level of fees for particular types of records. A “statute specifically providing for setting the level of fees for particular types of records” (5 U.S.C. 552 (a)(4)(A)(vi)) means any statute that enables a Government Agency such as the Government Printing Office (GPO) or the National Technical Information Service

(NTIS), to set and collect fees. Components should ensure that when documents that would be responsive to a request are maintained for distribution by agencies operating statutory-based fee schedule programs such as the GPO or NTIS, they inform requesters of the steps necessary to obtain records from those sources.

(b) The term “direct costs” means those expenditures a Component actually makes in searching for, reviewing (in the case of commercial requesters), and duplicating documents to respond to an FOIA request. Direct costs include, for example, the salary of the employee performing the work (the basic rate of pay for the employee plus 16 percent of that rate to cover benefits), and the costs of operating duplicating machinery. These factors have been included in the fee rates prescribed in the Collection of Fees and Fee Rates portions of this subpart. Not included in direct costs are overhead expenses such as costs of space, heating or lighting the facility in which the records are stored.

(c) The term “search” includes all time spent looking for material that is responsive to a request. Search also includes a page-by-page or line-by-line identification (if necessary) of material in the document to determine if it, or portions thereof are responsive to the request. Components should ensure that searches are done in the most efficient and least expensive manner so as to minimize costs for both the Component and the requester. For example, Components should not engage in line-by-line searches when duplicating an entire document known to contain responsive information would prove to be the less expensive and quicker method of complying with the request. Time spent reviewing documents in order to determine whether to apply one or more of the statutory exemptions is not search time, but review time. See § 518.82(e), for the definition of review, and § 518.90(b), for information pertaining to computer searches.

(d) The term “duplication” refers to the process of making a copy of a document in response to an FOIA request. Such copies can take the form of paper copy, microfiche, audiovisual, or machine readable documentation (e.g.,

magnetic tape or disc), among others. Every effort will be made to ensure that the copy provided is in a form that is reasonably usable by requesters. If it is not possible to provide copies which are clearly usable, the requester shall be notified that their copy is the best available and that the agency’s master copy shall be made available for review upon appointment. For duplication of computer tapes and audiovisual, the actual cost, including the operator’s time, shall be charged. In practice, if a Component estimates that assessable duplication charges are likely to exceed \$25.00, it shall notify the requester of the estimate, unless the requester has indicated in advance his or her willingness to pay fees as high as those anticipated. Such a notice shall offer a requester the opportunity to confer with Component personnel with the object of reformulating the request to meet his or her needs at a lower cost.

(e) The term “review” refers to the process of examining documents located in response to an FOIA request to determine whether one or more of the statutory exemptions permit withholding. It also includes processing the documents for disclosure, such as excising them for release. Review does not include the time spent resolving general legal or policy issues regarding the application of exemptions. It should be noted that charges for commercial requesters may be assessed only for the initial review. Components may not charge for reviews required at the administrative appeal level of an exemption already applied. However, records or portions of records withheld in full under an exemption which is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. The costs for such a subsequent review would be properly assessable.

§ 518.83 Fee restrictions.

(a) No fees may be charged by any DoD Component if the costs of routine collection and processing of the fee are likely to equal or exceed the amount of the fee. With the exception of requesters seeking documents for a commercial use, Components shall provide the
