#### §619.1 Introduction.

Carriers, surface freight forwarders, shipper agents, and air freight forwarders interested in or remaining qualified will submit data described in §§619.2 through 619.6 to the appropriate area command (Bayonne, NJ or Oakland, CA) based on the location of the carrier's headquarters. The area command will schedule a meeting with the carrier, if necessary, to clarify any qualification elements and also receive guidance on how to do business with the Department of Defense. The area command will then evaluate the data to determine whether the carrier has the equipment, facilities, personnel and finances necessary to handle the carrier's proposed scope of operations. The area commands will then forward the application to HQMTMC for approval. If the carrier is approved and signs the agreement, HQMTMC will then accept (or in the case of existing carriers, continue to accept) tenders, tariffs or similar rate submissions. Carriers that are disapproved will be notified of the reasons for disapproval and may reapply for approval once the problems have been corrected.
