

§ 644.155

(3) Covenant against Contingent Fees (para 14, ENG Form 527) is required by 10 U.S.C. 2306(b).

(4) An Examination of Records clause (para 17, ENG Form 527) is required by 10 U.S.C. 2313(b). Exceptions to the use of this clause in 10 U.S.C. 2313(c) are permitted when the contractor is a foreign Government or agency thereof, or when the laws of the country involved preclude it. Also, if the Head of the Agency determines, with the concurrence of the Comptroller General, that the use of the clause would not be in the public interest, it may be omitted in leases covering land in foreign countries.

(5) The Nondiscrimination clause (Executive Order 11063, dated 20 November 1962) is required in all leases in the United States. It is desirable, but is not considered mandatory in overseas leases.

(b) *Hold Harmless Clauses.* "Hold harmless" clause will not normally be added to the lease forms. Where lessors insist upon such a clause, however, the following is suggested for use: "The Lessors (licensors) shall not be responsible or liable for injuries to persons or damage to property when such injuries or damage are caused by or result from the Government's use of the premises under the terms of this agreement and are not due to the negligence of the Lessors."

(c) *Escalator Clauses.* In those cases where a lessor expresses an unwillingness to enter into a lease, extending for a number of years, with a rental consideration that includes a fixed amount for utilities, the following clause may be inserted in the standard lease:

After the first term of the lease, the Lessor or the Government may, by giving notice at lease 90 days prior to the anniversary date of the lease, request an adjustment in rental payments based on an increase or decrease in the cost of utilities. The request must be supported with full justification to include documentary evidence of actual utility costs incurred by the Lessor which are in excess of the amounts estimated at the beginning of the lease term. The requested adjustment in rent will be subject to negotiation, and if granted, will be provided by a Supplemental Agreement to this lease.

32 CFR Ch. V (7-1-99 Edition)

ACQUISITION OF RIGHTS-OF-ENTRY

SOURCE: Sections 644.155 through 644.157 appear at 44 FR 31125, May 30, 1979, unless otherwise noted.

**§ 644.155 General.**

Sections 644.155 through 644.157 describe the procedures of the Corps of Engineers relative to obtaining rights-of-entry on lands for both military and civil works projects and in the Corps' acquisition programs for other Federal Government agencies. These procedures are applicable to all Division and district Engineers having real estate responsibilities.

**§ 644.156 Definition.**

A right-of-entry is a bare authority to do a specified act or series of acts upon non-Government-owned property or non-Government-controlled property without acquiring any estate or interest therein. The principal effect of a right-of-entry is to authorize an act which, in the absence of the right-of-entry, would constitute a trespass. The written instrument furnishes evidence of the permission granted to the government and the obligations, responsibilities, and liabilities assumed by the Government. It does not authorize any uses of the property by the Government other than those specified in the instrument.

**§ 644.157 Procedures.**

(a) ENG Form 1258, Right-of-Entry for Survey and Exploration, will be used to obtain authority from the owner of lands to be used for the purpose of making surveys, test borings, and other exploratory work as may be necessary to complete the particular investigation.

(b) ENG Form 2803, Right-of-Entry for Construction, will be used to obtain authority from the owner of lands to be used for construction purposes when all of the following conditions apply:

(1) A Real Estate Directive has been issued on an Army (military) or Air Force project, or the Chief of Engineers has approved acquisition in connection with a civil works project or for another Government agency.

(2) The construction schedule does not allow sufficient time to secure the
