

§ 644.353 Determination of values for reporting.

Where more than one parcel or item of excess property is involved at the same project or installation, the total value of all such parcels or items will be included in determining whether the property has an estimated value of \$1,000 or more for the purpose of making reports of excess. Estimates of value should be made by qualified real estate employees, but not necessarily by a professional appraiser.

§ 644.354 Conditional reports of excess.

As an exception to its general policy, GSA has agreed with the Department of Defense to accept reports of excess on some facilities with instructions on their disposal, specifically:

(a) *Defense Industrial Reserve (DIR)*. The Defense Industrial Reserve Act 50 U.S.C. 451 *et seq.*, authorizes the Secretary of Defense to determine which excess industrial properties should become a part of DIR and to formulate a national security clause or recapture provisions to preserve the production capacity of the plants for use in the event of a national emergency. Excess DIR plants are reported to GSA for disposal subject to the national security clause or the recapture provisions. (See FPMR Subsection 101-47.306-2 for procedures where GSA is unable to dispose of the property because of the restrictions imposed by the national security clause or recapture provisions.)

(b) *Reserving Property for Civil Defense Purposes*. GSA has agreed to accept reports of excess of missile sites and other facilities having similar protective features, with restrictions on their disposal. DEs will be notified when DOD advises that a specified local government unit is interested in acquiring such property. Reports of excess will specify the local government unit interested. Disposal of the property will be limited to conveyance to the local government unit, with conditions restricting its use to civil defense purposes for a period of 20 years, with reverter to the United States for breach of condition. In appropriate cases, GSA will enter into a temporary lease arrangement if necessary to afford a local government unit an opportunity to obtain the necessary funds for pur-

chase. This procedure is limited to cases where DOD has determined and advised there is a civil defense need. Disposal action will not be delayed pending receipt of such advise.

§ 644.355 Preparation and submission of reports of excess.

(a) *Preparation*—(1) *General*. Reports of excess will be prepared on SF 118, with schedules, in accordance with the instructions contained in FPMR section 101-47.4902, and § 644.349 herein. However, since the type of information called for a Block 9 of standard form (SF) 118 and Columns f, g, h, and i of schedule A is not generally applicable to camps, airfields, etc., such information will be furnished only when it is available and can be furnished without additional cost. Reports of excess will include all related or appurtenant easements, licenses, and related personal property. Decontamination data will be included as prescribed in §§ 644.516 through 644.539. Information on flood hazard will be included as required by § 644.352.

(2) *GSA Regulations*. Pursuant to GSA regulations, all final reports of excess will be made only after the property has been determined excess to the needs of the Department of Defense and will bear the statement: "This property has been screened against the known defense needs of the Department of Defense." Report of excess will indicate that the provisions of title 10, United States Code, section 2662, requiring reports to the Armed Services Committees of Congress, have been met, or that the report of excess is not subject to this section.

(3) *Reports of Excess—Air Force Property*. The Air Force will prepare SF 118, with Schedules A and C, and transmit them to the DE for completion and execution. Land descriptions, title reports, and other data required by the FPMR will be the responsibility of the DE.

(4) *Reports of Excess—Army Property*. DEs will prepare the SF 118 and the schedules for excess Army property.

(b) *Submission*. Reports of excess will be transmitted directly by the DE to the appropriate regional office of GSA. Each DE making such reports of excess will assign a number in Block 1 of SF 118, beginning with No. 1 for the first
