

for Army activities for the survey and salvage of scientific, historic, archeological and paleontological resources which are being or may be irreparably lost or damaged as a result of those Army activities. Such expenditures may not exceed one percent of the project amount.

**§ 650.193 National historic landmarks.**

(a) The National Park Service regularly surveys historic properties under the National Historic Landmark Program. Designation of a National Historic Landmark automatically places the property in the National Register of Historic Places.

(b) Notification from the Department of the Interior that Army-controlled property has been designated as a National Historical Landmark will be forwarded through channels to HQDA (DAEN-MCZ-E) Wash, DC 20314. Also, subsequent correspondence regarding the landmark such as plaque application, notifications of annual visits and other related matters will be forwarded to the Department of the Interior with information copies to HQDA (DAEN-MCZ-E) Wash, DC 20314.

**Subpart I—Oil and Hazardous Substances Spill Control and Contingency Plans**

GENERAL

**§ 650.201 Purpose.**

This chapter sets forth the procedures for the control of discharges of oil and hazardous substances under the Federal Water Pollution Control Act (FWPCA) Amendments of 1972 and as promulgated by US Environmental Protection Agency and US Coast Guard Regulations. Further guidance on hazardous and toxic materials management appears in subpart F of this part.

**§ 650.202 Goal and objectives.**

The Department of the Army goal, in support of national policy, is to prevent the discharge of oil and hazardous substances and to provide for the prompt, coordinated responses to contain and clean up spills should they occur. Objectives for attaining this goal are to—

(a) Transport, store, handle, and dispose of oil, fuels, lubricant products, and hazardous liquid substances in a safe and environmentally acceptable manner.

(b) Institute a responsive alert procedure in the event of a spill and be prepared to rapidly respond in the containment and cleanup of a spill.

(c) Plan for and cooperate with other Federal, State, interstate, and local Government agencies to ensure that the public health and welfare are provided adequate protection from discharge of oils and other hazardous liquid substances.

**§ 650.203 Explanation of terms.**

For the purpose of this regulation and AR 500-60, the following apply—

(a) *Advisory agencies.* Departments or agencies which can make major contributions during response activities for certain types of discharges. These agencies are: The Nuclear Regulatory Commission; Department of Health, Education and Welfare; Department of Justice; Federal Disaster Assistance
