

and student attendance at courses in Army School System).

(3) Summary of public information activities.

(l) Environmental enhancement activities.

(1) Summary of environmental enhancement activities and projects conducted in support of Keep America Beautiful, Defense Community Service Program, etc. (includes activities by active and Reserve units).

**§ 650.12 Executive Order 11752.**

Figure 1-1 is the Presidential Executive Order dated December 17, 1973<sup>1</sup> which sets forth the policy and standards for the prevention, control, and abatement of environmental pollution at DA installations.

**§ 650.13 Endangered species.**

All matters concerning the Army's policy and regulatory guidance reflecting the Endangered Species Act of 1973 (Pub. L. 93-205) is covered in AR 420-74.

**Subpart B—Environmental Considerations in DA Actions [Reserved]**

**Subpart C—Water Resources Management**

GENERAL

**§ 650.51 Purpose.**

This chapter sets forth guidance and procedure for the DA implementation of the Federal Water Pollution Control Act of 1972 (FWPCA) (Pub. L. 92-500) and the water pollution control regulations promulgated by the U.S. Environmental Protection Agency, U.S. Coast Guard, U.S. Army Corps of Engineers and State and regional water pollution control authorities. Additional guidance regarding discharge of hazardous and toxic materials appears in subpart F of this part.

**§ 650.52 Goals and objectives.**

The Department of Army goal is to conserve water resources and protect them from contamination by control-

ling all sources of pollutants in accordance with applicable Federal, State or regional standards and vigorously contribute to the attainment of the national goal of eliminating the discharge of pollutants by 1985. Inherent in this goal are the following objectives:

(a) Identify, treat, monitor, control and dispose of all waterborne wastes produced by Army fixed and mobile facilities in accordance with published Federal, State and regional standards.

(b) Conserve water resources used in the conduct of basic activities on all Army installations by instituting economy measures and by reuse when practicable.

(c) Minimize soil erosion and attendant pollution caused by rapid and uncontrolled runoff into streams and rivers.

(d) Provide drinking water that satisfies the potability standards published by the US Environmental Protection Agency (EPA) as interpreted by The Surgeon General of the Army (see § 650.57).

(e) Comply with the provisions of the Federal Water Pollution Control Act (Pub. L. 92-500) by obtaining and complying with permits issued by EPA under the National Pollutant Discharge Elimination System (NPDES) and the Corps of Engineers for the discharge of dredged or fill material.

(f) Comply with the provisions of the Marine Protection, Research and Sanctuaries Act of 1972 (Pub. L. 92-532) by obtaining and complying with permits issued by EPA for the discharge of any material other than dredged material into ocean waters and by the Corps of Engineers for the discharge of dredged material into ocean waters.

**§ 650.53 Explanation of terms.**

(a) *National Pollutant Discharge Elimination System (NPDES)*. The system for issuing and conditioning permits under a schedule of compliance and denying permits for the discharge of pollutants from point sources into the navigable waters, which is administered by the Administrator of the Environmental Protection Agency pursuant to sections 402 and 405 of Pub. L. 92-500. The following additional terms have the
