

§ 2.101

(j) The term *review* refers to the process of examining documents located in response to a request that is for a commercial use (see paragraph (e) of this section) to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure, e.g., doing all that is necessary to excise them and otherwise prepare them for release. Review does not include time spent resolving legal or policy issues regarding the application of exemptions. (Documents must be reviewed in responding to all requests; however, review time may only be charged to Commercial Use Requesters.)

(k) The term *duplication* refers to the process of making a copy of a document necessary to respond to an FOIA request. Such copies can take the form of paper copy, microform, audio-visual materials, or machine readable documentation (e.g., magnetic tape or disk), among others. The copy provided must be in a form that is reasonably usable by requesters.

§ 2.101 Policy on disclosure of EPA records.

(a) EPA will make the fullest possible disclosure of records to the public, consistent with the rights of individuals to privacy, the rights of persons in business information entitled to confidential treatment, and the need for EPA to promote frank internal policy deliberations and to pursue its official activities without undue disruption.

(b) All EPA records shall be available to the public unless they are exempt from the disclosure requirements of 5 U.S.C 552.

(c) All nonexempt EPA records shall be available to the public upon request regardless of whether any justification or need for such records has been shown by the requestor.

(d) When documents responsive to a request are maintained for distribution by agencies operating statutory-based fee schedule programs, such as, but not limited to, the Government Printing Office or the National Technical Information Service, EPA will inform the

requester of the steps necessary to obtain records from the sources.

§ 2.102 [Reserved]

§ 2.103 Partial disclosure of records.

If a requested record contains both exempt and nonexempt material, the nonexempt material shall be disclosed, after the exempt material has been deleted in accordance with § 2.119.

§ 2.104 Requests to which this subpart applies.

(a) This subpart applies to any written request (other than a request made by another Federal agency) received by any EPA office, whether or not the request cites the Freedom of Information Act, 5 U.S.C. 552. See §§ 2.107(a) and 2.112(b) regarding the treatment of requests which are directed by the requestor to offices other than those listed in § 2.106.

(b) Any written request to EPA for existing records prepared by EPA for routine public distribution, e.g., pamphlets, copies of speeches, press releases, and educational materials, shall be honored. No individual determination under § 2.111 is necessary in such cases, since preparation of the records for routine public distribution itself constitutes a determination that the records are available to the public.

§ 2.105 Existing records.

(a) The Freedom of Information Act, 5 U.S.C. 552, does not require the creation of new records in response to a request, nor does it require EPA to place a requestor's name on a distribution list for automatic receipt of certain kinds of records as they come into existence. The Act establishes requirements for disclosure of existing records.

(b) All existing EPA records are subject to routine destruction according to standard record retention schedules.

§ 2.106 Where requests for agency records shall be filed.

(a) A request for records may be filed with the EPA Freedom of Information Officer, A-101, 401 M Street, SW., Washington, DC 20460.
