### § 35.120 Planning targets.

The Regional Administrator develops planning targets to help each applicant develop a work program. A planning target is the State's reserve or is based

on the State's allotment and the Regional Administrator's evaluation of each applicant's ability to use allotted funds effectively.

### § 35.125 Program guidance.

Program guidance helps State and local agencies establish and maintain effective environmental programs which meet their particular needs and those of the national program. National program managers in Headquarters issue guidance to Regional Administrators, and Regional Administrators issue guidance to applicants.

(a) *Headquarters guidance to Regional Administrators.* Headquarters guidance is based on the President's annual budget submission to Congress and the statutory and regulatory requirements for each environmental program. The guidance contains a statement of national objectives and priorities, an explanation of the activities required of the regions, and a list of program elements and associated outputs recommended for State and local environmental programs.

(b) *Regional guidance to applicants.* Regional guidance is based on Headquarters guidance and the Regional Administrator's knowledge of environmental problems in each State in his region and evaluation of each applicant's ability to carry out the program. The guidance contains EPA's objectives and priorities, the applicant's planning target, the program elements EPA uses for budget justification and management, categories of outputs which should be part of the applicant's work program, and special conditions or limitations relevant to the applicant.

### § 35.130 Work program.

The work program is part of the application for financial assistance and is the basis for the management and evaluation of performance under the assistance award. The work program must specify the work years and amount and source of funding estimated to be needed for each program element, the outputs committed to under each program
