

Richmond moderate ozone nonattainment area to attainment were submitted on November 12, 1992, by the Department of Environmental Quality. These requests are disapproved because review of the 1993 ambient air quality data monitored during the 1993 ozone season indicated that a violation of the ozone NAAQS occurred at the Charles City monitor in the Richmond non-attainment area. Because of the registered violation during the 1993 ozone season, the underlying basis of the Commonwealth's November 12, 1992, maintenance plan's demonstration is no longer valid.
