

§97.88**40 CFR Ch. I (7-1-00 Edition)**

Budget opt-in unit is located, NO_x allowances equal in number to and allocated for the same or a prior control period as any NO_x allowances allocated to the NO_x Budget opt-in unit under §97.88 for any control period after the last control period for which the NO_x Budget opt-in permit is effective. The NO_x authorized account representative shall ensure that the NO_x Budget opt-in unit's compliance account or the overdraft account of the NO_x Budget source where the NO_x Budget opt-in unit is located contains the NO_x allowances necessary for completion of such deduction. If the compliance account or overdraft account does not contain the necessary NO_x allowances, the Administrator will deduct the required number of NO_x allowances, regardless of the control period for which they were allocated, whenever NO_x allowances are recorded in either account.

(ii) After the deduction under paragraph (b)(2)(i) of this section is completed, the Administrator will close the NO_x Budget opt-in unit's compliance account. If any NO_x allowances remain in the compliance account after completion of such deduction and any deduction under §97.54, the Administrator will close the NO_x Budget opt-in unit's compliance account and transfer any remaining allowances to a general account specified by the owners and operators of the NO_x Budget opt-in unit.

§97.88 NO_x allowance allocations to opt-in units.

(a) *NO_x allotment allocation.* (1) By April 1 immediately before the first control period for which the NO_x Budget opt-in permit is effective, the Administrator will determine by order the NO_x allowance allocations for the NO_x Budget opt-in unit for the control period in accordance with paragraph (b) of this section.

(2) By no later than April 1, after the first control period for which the NO_x Budget opt-in permit is in effect, and

April 1 of each year thereafter, the Administrator will determine by order the NO_x allowance allocations for the NO_x Budget opt-in unit for the next control period, in accordance with paragraph (b) of this section.

(3) The Administrator will make available to the public each determination of NO_x allowance allocations under paragraph (a)(1) or (2) of this section and will provide an opportunity for submission of objections to the determination. Objections shall be limited to addressing whether the determination is in accordance with paragraph (b) of this section. Based on any such objections, the Administrator will adjust each determination to the extent necessary to ensure that it is in accordance with paragraph (b) of this section.

(b) For each control period for which the NO_x Budget opt-in unit has an approved NO_x Budget opt-in permit, the NO_x Budget opt-in unit will be allocated NO_x allowances in accordance with the following procedures:

(1) The heat input (in mmBtu) used for calculating NO_x allowance allocations will be the lesser of:

(i) The unit's baseline heat input determined pursuant to §97.84(c); or

(ii) The unit's heat input, as determined in accordance with subpart H of this part, for the control period in the year prior to the year of the control period for which the NO_x allocations are being calculated.

(2) The Administrator will allocate NO_x allowances to the unit in an amount equaling the heat input determined under paragraph (b)(1) of this section multiplied by the lesser of the unit's baseline NO_x emissions rate determined under §97.84(c) or the most stringent State or federal NO_x emissions limitation applicable to the unit during the control period, divided by 2,000 lb/ton, and rounded to the nearest whole number of NO_x allowances as appropriate.
