§ 101-39.203 Obtaining motor vehicles for short-term use.

Any participating Federal agency, bureau, or activity may obtain vehicles for short-term local use through the GSA Interagency Fleet Management System (IFMS). Short-term use vehicles may be provided through Military Traffic Management Command (MTMC) agreements with commercial firms or, where available, through GSA IFMS dispatch services. This support is available for official use performed locally or within commuting distance of an employee's designated post of duty. Arrangements for these vehicles will be made by the GSA IFMS fleet management center serving the local area. The requesting agency official or employee must be authorized to place orders for vehicle support and provide a complete billing address and GSA billed office address code (BOAC) at the time an order is placed. Agencies requiring a BOAC may obtain one by contacting any General Services Administration IFMS fleet management center.

(2) No vehicles were available to consolidate, but total reliance is placed on the supporting GSA IFMS fleet management center or the GSA IFMS as a whole to meet all motor vehicle requirements, and no agency-owned vehicles are operated in the defined mandatory use service area of the supporting GSA fleet management center;

(3) The agency would otherwise qualify under paragraph (a) (1) or (2) of this section but has been authorized by GSA to purchase or commercially lease motor vehicles because the GSA IFMS was unable to supply its requirements.

(b) Fully participating agencies may request indefinite assignment of vehicles, regardless of number, from the supporting IFMS fleet management center. Assignment may be made at that level, subject to availability. If the required vehicles are not available, a written request shall be sent to the General Services Administration, Attn:
