

(b) The using agency will be billed for GSA Interagency Fleet Management System (IFMS) services provided for under this part at rates fixed by GSA. Such rates are designed to recover all GSA IFMS fixed and variable costs. Rates will be reviewed and revised periodically to determine that reimbursement is sufficient to recover applicable costs. Failure by using agencies to reimburse GSA for vehicle services will be cause for GSA to terminate motor vehicle assignments.

(c) IFMS services provided to authorized Government contractors and subcontractors will be billed to the responsible agency unless such agency requests that the contractor be billed directly. In case of nonpayment by a contractor, GSA will bill the responsible agency which authorized the contractor's use of GSA IFMS services.

(d) Using agencies will be billed for accidents and incidents as described in § 101-39.406. Agencies may also be charged administrative fees when vehicles are not properly maintained, repaired, or when the vehicle is subject to abuse or neglect.

(e) Agencies may be charged for recovery of expenses for repairs or services to GSA IFMS vehicles which are not authorized by the GSA IFMS either through preventive maintenance notices, approval from a GSA Maintenance Control Center, or approval from a GSA fleet management center, per instructions in the operator's guide issued with each vehicle. Excess costs relating to the failure to utilize self-service gasoline pumps or the unnecessary use of premium grade gasoline may also be recovered from using agencies (see § 101-38.401-2 of this chapter).

§ 101-39.208 Vehicles removed from defined areas.

(a) Normally, vehicles shall not be permanently operated outside the geographical area served by the issuing GSA IFMS fleet management center. However, when agency programs necessitate vehicle relocation for a period exceeding 90 calendar days, the agency shall notify the issuing GSA IFMS fleet management center of the following:

(1) The location at which the vehicles are currently in use;

(2) The date the vehicles were moved to the present location; and

(3) The expected date the vehicles will be returned to the original location.

(b) When vehicles will be permanently relocated outside the area served by the issuing GSA IFMS fleet management center, the affected GSA IFMS fleet manager will ascertain if the using agency is fully participating at the new location (see § 101-39.204). If this criterion is met, the vehicle will normally be transferred to the GSA IFMS fleet management center nearest the new location. If the agency is other than a full participant, the transfer will be treated as a request for additional vehicles at the new location.

Subpart 101-39.3—Use and Care of GSA Interagency Fleet Management System Vehicles

§ 101-39.300 General.

(a) The objective of the General Services Administration (GSA) Interagency Fleet Management System (IFMS) is to provide efficient and economical motor vehicle and related services to participating agencies. To attain this objective, policies and procedures for use and care of GSA IFMS vehicles provided to an agency or activity are prescribed in this subpart.

(b) To operate a motor vehicle furnished by the GSA IFMS, civilian employees of the Federal Government shall have a valid State, District of Columbia, or Commonwealth operator's license for the type of vehicle to be operated and some form of agency identification. Non-Government personnel, such as contractors, shall have a valid license for the type of equipment to be operated when using vehicles supplied by the GSA IFMS (this may include a Commercial Driver's License). All other vehicle operators, and Federal civilian employees that have a valid civilian operator's license, but not for the type of equipment to be operated, must have in their possession an Optional Form 346, U.S. Government
