

**§ 101-40.704**

pursuant to §101-40.702.3(a), the delivering carrier (not a drayage or switching carrier) shall be notified by telephone and requested to inspect the property involved. Unless there are extenuating circumstances, the notification and request for inspection shall be made by telephone not later than 15 calendar days from the date of receipt of the shipment and confirmed on SF 361. SF 361 shall include the date the telephone request for inspection was made and the name of the carrier's representative who was contacted. A copy of the notification and request for inspection shall be retained for possible claim purposes. Wrappings, packing materials, and any unopened packages shall be retained for the carrier's inspection. A copy of the carrier's inspection report shall be requested for use in determining liability or preparing a claim. If the carrier fails to make an inspection within a reasonable time as stated in §101-40.703-2(c), or if the carrier waives the opportunity to perform an inspection, the carrier shall furnish an oral or written waiver as provided in SF 361.

(b) *International shipments.* When loss, damage, or shortage that was not apparent at the time of removal of the property from the carrier's possession is subsequently discovered when the packages are opened, the carrier shall be notified promptly in writing using SF 361. When an ocean carrier is involved, the written complaint shall be given to the carrier or its agency at the port of discharge within 3 calendar days of delivery (46 U.S.C. 1303(6)). When an international air carrier is involved, a written complaint to the carrier shall be given within 14 calendar days of receipt of the property (Article 26 of the Warsaw Convention, 49 Stat. 3020, as interpreted and applied by the Civil Aeronautics Board in its Order 78-8-10 of August 3, 1978). Written notice to ocean and international air carriers shall indicate a reasonable period of time for inspecting concealed loss or damage.

**§ 101-40.704 Disposition of damaged property.**

**§ 101-40.704-1 Transportation for account of the Government.**

(a) *Repair and utilization.* Where damaged property can be repaired economically and satisfactorily, arrangements shall be made by the Government agency paying the transportation charges, or its authorized representative, to have the repairs effected and to claim against the carrier for the costs thereof. Alternatively, the carrier may be allowed to perform the repairs or make the necessary arrangements therefor, subject to inspection and acceptance by Government agency inspectors or other designated representatives. However, in no case shall property subject to security regulations be released to the carrier or to any unauthorized personnel for repair.

(b) *Allowance for damage.* When the agency finds it not desirable or feasible to make repairs immediately, and the carrier does not make repairs, the amount of damage or the cost of making repairs in the future may be determined by appropriate means (e.g., by mutual agreement of representatives of the carrier and the Government or by estimates obtained from qualified and disinterested parties).

(c) *Rejection.* (1) Property may be rejected to the carrier and claim made for its full value only when it has been damaged to the extent that it has no salvage value or it is not economically repairable; that is, the cost of repairs would exceed the appraised value of the repaired item (see exception in paragraph (c)(3) of this section).

(2) When it is determined that property has been damaged to the extent that it has no salvage value or is not economically repairable, and that it can be abandoned, the carrier shall be notified promptly of the location of the rejected property and shall be requested to make appropriate disposition of it.

(i) If the carrier refuses to accept the rejected property, the agency shall request, in writing, that the carrier furnish a written statement of the reason for refusing the property. Upon receipt of the written refusal, the agency shall

take appropriate action to dispose of the rejected property; or

(ii) If the carrier fails to make appropriate disposition of the rejected property within a reasonable length of time, the agency shall notify the carrier, in writing, that the property will be disposed of by the agency without further delay.

(3) Property which is designated Top Secret, Secret, or Confidential, or property which, for any reason, cannot be abandoned in the best interests of the Government, shall not be rejected to the carrier, regardless of the extent of damage.

### § 101-40.704-2 Transportation for account of the supplier.

When the transportation is performed by the carrier for the supplier rather than for the Government (e.g., when property is purchased f.o.b. destination), accurate notations of discrepancies shall be made on the carrier's delivery receipt and the consignee's copy of the carrier's delivery receipt or freight bill to assist the supplier in filing claims for transportation losses. The carrier's driver or representative shall be requested to sign the notations of discrepancies. Prompt notification on SF 361 shall be furnished to the supplier or to the agency contracting officer as individual agency regulations may provide. The notification shall include supporting documents; i.e., a copy of the annotated delivery receipt, photos, carrier's inspection report, or written waiver. (See Discrepancies or Deficiencies in GSA or DOD Shipments, Material, or Billings (FPMR 101-26.8) with regard to damage to stock or nonstock items procured from GSA for direct delivery.)

[51 FR 24342, July 3, 1986]

### § 101-40.705 Disposition of overages and astray or misconsigned shipments.

(a) When the number of packages offered for delivery is more than that shown on the applicable bill of lading or other transportation document and when all packages are marked for the consignee, the overages shall be ac-

cepted. The consignee shall attempt to reconcile overages and astray freight with corresponding shortages associated with other shipments received at that activity.

(b) If excess freight on one bill of lading is identical with a reported shortage on another bill of lading, the excess or overage shall be used to offset the reported shortage. If excess freight cannot be identified or used to offset other shortages within 7 calendar days after the date of discovery, the consignee shall use SF 361 to request disposition instructions from the consignor or shipper and shall convey these instructions to the delivering carrier.

(c) If a carrier attempts to deliver a shipment containing packages which are marked for another consignee or which cannot otherwise be identified, the misdirected or astray packages shall not be accepted.

### § 101-40.706 [Reserved]

### § 101-40.707 Determining liability for discrepancies.

#### § 101-40.707-1 Transportation for account of the supplier.

When the transportation is performed by the carrier for the supplier rather than for the Government (e.g., when the property is purchased f.o.b. destination), determination of liability for discrepancies in shipment will be resolved between the carrier and the supplier. However, in such instances the Government receiving activity shall make accurate notations of discrepancies on the carrier's delivery receipt or freight bill, and shall use SF 361 to furnish a report of the discrepancies to the supplier, or to the agency contracting officer as individual agency regulations may provide, to assist the supplier in resolving the discrepancies. The report shall include supporting documents; i.e., a copy of the annotated delivery receipt, photos, inspection report, or written waiver.
