§ 101-40.704 Disposition of damaged property.

§ 101-40.704-1 Transportation for account of the Government.

(a) *Repair and utilization.* Where damaged property can be repaired economically and satisfactorily, arrangements shall be made by the Government agency paying the transportation charges, or its authorized representative, to have the repairs effected and to claim against the carrier for the costs thereof. Alternatively, the carrier may be allowed to perform the repairs or make the necessary arrangements therefor, subject to inspection and acceptance by Government agency inspectors or other designated representatives. However, in no case shall property subject to security regulations be released to the carrier or to any unauthorized personnel for repair.

(b) *Allowance for damage.* When the agency finds it not desirable or feasible to make repairs immediately, and the carrier does not make repairs, the amount of damage or the cost of making repairs in the future may be determined by appropriate means (e.g., by mutual agreement of representatives of the carrier and the Government or by estimates obtained from qualified and disinterested parties).

(c) *Rejection.* (1) Property may be rejected to the carrier and claim made for its full value only when it has been damaged to the extent that it has no salvage value or it is not economically repairable; that is, the cost of repairs would exceed the appraised value of the repaired item (see exception in paragraph (c)(3) of this section).

(2) When it is determined that property has been damaged to the extent that it has no salvage value or is not economically repairable, and that it can be abandoned, the carrier shall be notified promptly of the location of the rejected property and shall be requested to make appropriate disposition of it.

(i) If the carrier refuses to accept the rejected property, the agency shall re-

quest, in writing, that the carrier furnish a written statement of the reason for refusing the property. Upon receipt of the written refusal, the agency shall take appropriate action to dispose of the rejected property; or

(ii) If the carrier fails to make appropriate disposition of the rejected property within a reasonable length of time, the agency shall notify the carrier, in writing, that the property will be disposed of by the agency without further delay.

(3) Property which is designated Top Secret, Secret, or Confidential, or property which, for any reason, cannot be abandoned in the best interests of the Government, shall not be rejected to the carrier, regardless of the extent of damage.

§ 101-40.704-2 Transportation for account of the supplier.

When the transportation is performed by the carrier for the supplier rather than for the Government (e.g., when property is purchased f.o.b. destination), accurate notations of discrepancies shall be made on the carrier's delivery receipt and the consignee's copy of the carrier's delivery receipt or freight bill to assist the supplier in filing claims for transportation losses. The carrier's driver or representative shall be requested to sign the notations of discrepancies. Prompt notification on SF 361 shall be furnished to the supplier or to the agency contracting officer as individual agency regulations may provide. The notification shall include supporting documents; i.e., a copy of the annotated delivery receipt, photos, carrier's inspection report, or written waiver. (See Discrepancies or Deficiencies in GSA or DOD Shipments, Material, or Billings (FPMR 101-26.8) with regard to damage to stock or nonstock items procured from GSA for direct delivery.)
