§ 101-44.115 Overages and shortages.

(a) *Overages.* When a State agency, service educational activity (SEA), or public airport finds that it has received surplus property in excess of that listed on an approved SF 123, and the estimated fair market value or acquisition cost of the line items involved is less than \$500, it shall annotate its receiving and inventory records to document the overage. The annotation must include a description of the property, its estimated condition, the estimated fair market value (or acquisition cost if known), and the name of the holding activity from which the property was received. If property having an estimated fair market value or acquisition cost of \$500 or more is received, it shall be listed on an SF 123, and the SF 123 sent to the GSA regional office for approval. In the case of property received by a public airport, the SF 123 shall be forwarded to GSA through the Federal Aviation Administration (FAA).

(b) *Shortages.* When it is found that line items or portions of line items of property approved on an SF 123 were not received, and the total acquisition cost of the line items involved is less than \$300, the State agency, SEA, or public airport shall annotate its receiving and inventory records to document the shortage. The annotation must include a description of each line item of property, the acquisition cost, and the name of the holding activity. If the total acquisition cost is \$300 or more, a shortage report must be prepared and submitted to the GSA regional office for the region in which the holding activity is located. A copy of this report shall be sent to the holding activity. Shortage reports covering property approved for donation to a public airport should be forwarded to the GSA regional office through FAA.

(c) *Information.* Overages and shortages shall be reported, where required, within 90 calendar days of the date of transfer. The shortage report, or the SF 123 in the case of overages of \$500 or more, shall be signed by the responsible State agency or donee representa-
