

§ 101-44.117

State. Special requests for State agency or donee screeners to visit installations outside the State or region on a regular or one-time basis may be authorized by the GSA regional offices involved. The recommending agency shall select qualified screeners representing public agencies and other eligible donee organizations within the State in order to expedite the movement of surplus property and enhance the opportunities of those public agencies and organizations to identify and select needed and useful items of property. GSA will give special consideration to requests of individual donees submitted through recommending agencies for allocation of specific items of property.

(c) Recommending agencies shall accompany each request for certification of a donee screener with GSA Form 2946, Screener's Identification (illustrated at §101-43.4902-2946). GSA Forms 2946 must contain the typed names of the screener's organization and sponsoring agency, the signature and type name of the proposed screener, an affixed passport-style photograph of the screener, and the signature of the sponsoring agency official.

(d) In order to avoid proliferation of screeners, the GSA regional office will review requests for donee screening authorizations to ensure that the number of screeners requested by each designated activity is reasonable in relationship to the scope of the donee's program and that the screeners are qualified to perform this service. Following review, the GSA regional office, if the request is approved will complete the GSA Form 2946 and return it to the recommending agency for issuance to the screener. Each GSA regional office will control the activities of donee screeners at Federal installations within its region. The regional office may screeners' visits or require a reduction in their number when it becomes evident that the volume of surplus personal property at an installation does not warrant the level of screening activity or that a proliferation of screeners is affecting adversely the installa-

tion's property disposal activity. All GSA Forms 2946 shall be recovered by the recommending agency upon expiration or termination of the screener's authorization and shall be forwarded to the validating GSA office for cancellation.

(e) Each State agency or other donee representative physically screening property at holding installations for the purpose of selecting property for donation shall possess a GSA Form 2946 validated by GSA as provided in this §101-44.116. However, representatives visiting holding activities in order to participate in onsite screenings in accordance with §101-44.109, or for the purpose of technical inspection, evaluation, and/or removal of specific property previously set aside or approved by GSA for donation, shall not be required to possess a GSA Form 2946.

§101-44.117 Recovery of property for Federal use.

Occasionally, Federal agencies may develop on an exigency basis requirements for personal property items derived from surplus sources in the possession of a State agency. The State agency should cooperate with GSA in the recovery of property to fulfill Federal needs. The transfer will be subject to payment by the acquiring agency of the costs of care and handling, including transportation that were incurred by the State agency initially acquiring this property.

§101-44.118 Nondiscrimination.

All transfers of surplus property to the State agencies for donation to public agencies and eligible nonprofit tax-exempt activities, to service educational activities, and to public airports are conditioned on full compliance with GSA regulations on nondiscrimination as set forth in subpart 101-6.2 and part 101-8.
