

(d) *Procedures applicable*—(1) *Transportation and related services.* The allowable transportation and related services may be obtained by the agency concerned from any available commercial carrier, except that all shipments of property by water shall be made on ships registered under the laws of the United States whenever such ships are available.

(2) *Use of Government bill of lading.* Commercial shipments will be made on Government bills of lading or purchase orders whenever possible; otherwise, reimbursement shall be made to the employee for transportation expenses actually and necessarily incurred within the limitations prescribed by this section.

(3) *Itemization of charges.* If the services rendered cover, in addition to transportation, other services such as packing, crating, drayage, unpacking, and temporary storage, the total charge for the services shall be itemized to show the charge for each service.

(e) *Services in excess of those authorized*—(1) *By means other than selected.* An employee may elect to have his/her household goods moved by some means other than the means selected by the Government, except as noted in paragraph (d)(1) of this section relating to transportation by foreign flag vessels, on the condition that he/she will pay the amount, if any, by which the charges for the means of transportation selected by him/her exceed the charges for the means of transportation selected by the Government.

(2) *Excess weight.* If household goods in excess of the weight allowable under this regulation are shipped on a Government bill of lading or purchase order, the employee shall promptly upon completion of the shipment pay the proper agency official for the excess cost. The excess cost shall be computed from the total charges according to the ratio of excess weight to the total weight of the shipment.

(3) *Excess valuation or insurance.* An employee may declare a valuation above the minimum permitted if he/she assumes all additional expenses resulting therefrom, including the cost of in-

surance needed to protect the higher valuation. (See §302-8.2(f).)

[54 FR 20324, May 10, 1989, as amended by FTR Amdt. 26, 57 FR 28636, June 26, 1992]

§302-8.5 Temporary storage.

(a) *Applicability.* Temporary storage of household goods at Government expense may be allowable only when such storage is incident to transportation of the household goods at Government expense.

(b) *Allowable expenses*—(1) *Commutated rate system.* In connection with transportation within the continental United States under the commuted rate system, costs of temporary storage within the applicable weight limit will be reimbursed to the employee in the amount of his/her costs for storage including in and out charges and necessary drayage, but not to exceed the commuted rates for storage in the GSA publication, Commuted Rate Schedule for Transportation of Household Goods. (See §302-8.3(a)(1).) A receipted copy of the warehouse or other bill for storage costs is required to support reimbursement.

(2) *Actual expense method.* In connection with transportation when the actual expense method is used, the Government will normally arrange for necessary temporary storage and pay the cost thereof direct. If an employee must arrange for temporary storage in connection with transportation by the actual expense method, he/she may be reimbursed for reasonable costs incurred for storage including in and out charges and necessary drayage within the applicable limitations. Charges for excess weight, valuation above the minimum amount, and services obtained by the employee at higher costs shall be the responsibility of the employee in the same manner as he/she is responsible for excess costs incident to transportation. (See §§302-8.3(b)(5) and 302-8.4(e).)

§302-8.6 Advance of funds.

(a) *Commutated rate system.* Advances of funds may be made to employees up to the estimated amount of the commuted payment for the cost of authorized
