§ 36.201 Policy and applicability.

(a) *Policy.* (1) The Congress has recognized the obligation of the United States to respond to the strong expression of the Indian people for self-determination by assuring maximum Indian participation in the direction of educational as well as other Federal services to Indian communities so as to render such services more responsive to the needs and desires of those communities.

(2) The Congress has declared its commitment to the maintenance of the Federal Government's unique and continuing relationship with the responsibilities to the Indian people through the establishment of a meaningful In-

dian self-determination policy which will permit an orderly transition from Federal domination of programs for and services to Indians to effective and meaningful participation by the Indian people in the planning, conduct, and administration of those programs and services.

(3) It is the policy of the Secretary of the Department of Health and Human Services to facilitate the efforts of Indian tribes to plan, conduct, and administer programs, or portions thereof, which the Indian Health Service is authorized to administer for the benefit of Indians.

(4) It is the policy of the Secretary to continually encourage Indian tribes to become increasingly knowledgeable about Indian Health Service programs and the opportunities Indian tribes have regarding them; however, it is the policy of the Indian Health Service to leave to Indian tribes the initiative in making requests for contracts and to regard self-determination as including the decision of an Indian tribe not to request contracts.

(5) It is the policy of the Indian Health Service not to impose sanctions on Indian tribes with regard to contracting or not contracting; however, the special resources made available to facilitate the efforts of those Indian tribes which do wish to contract should be made known to all tribes, as should the current realities of funding and Federal personnel limitations.

(6) Contracting is one of several mechanisms by which Indian tribes can exercise their right to plan, conduct, and administer programs or portions thereof which the Secretary is authorized to administer for the benefit of Indians. Another mechanism afforded Indian tribes is the use of a grant, as provided in subpart H of this part, or other resources, to plan the manner in which it wishes the Indian Health Service to operate a program or portion thereof.

(7) The regulations in this subpart are not meant to and do not change the eligibility criteria which individuals must meet to be eligible for any program currently operated by the Indian Health Service.

(b) The regulations of this subpart are applicable to contracts awarded pursuant to section 103 of Pub. L. 93-
