

(iii) A hospital that did not qualify for reasonable cost payment for non-physician anesthesiologist services furnished in calendar year 1989 can qualify for reasonable cost payment in subsequent calendar years, if it meets the criteria in §412.113(c)(2)(i) (A), (B) and (D) above, and demonstrates to its intermediary prior to the start of the calendar year that it met these criteria. The hospital must provide data for its entire patient population to demonstrate that, during calendar year 1987 and the year immediately preceding its election of reasonable cost payment, its volume of surgical procedures (inpatient and outpatient) requiring anesthesia services did not exceed 500 procedures.

(iv) For administrative purposes for the calendar years after 1990, the volume of surgical procedures for the immediately preceding year is the sum of the surgical procedures for the nine month period ending September 30, annualized for the twelve month period.

(d) *Organ acquisition.* Payment for organ acquisition costs incurred by hospitals with approved transplantation centers is made on a reasonable cost basis. The term "Organs" is defined in §486.302 of this chapter.

§412.116 Method of payment.

(a) *General rule.* Unless the provisions of paragraphs (b) and (c) of this section apply, hospitals are paid for hospital inpatient operating costs and capital-related costs for each discharge based on the submission of a discharge bill. Payments for inpatient hospital services furnished by an excluded psychiatric or a rehabilitation unit of a hospital are made as described in §413.64 (a), (c), (d), and (e) of this chapter.

(b) *Periodic interim payments—(1) Criteria for receiving periodic interim payments.* Effective with claims received on or after July 1, 1987, a hospital that meets the criteria in §413.64(h) of this chapter may request in writing to receive periodic interim payments as described in this paragraph. A hospital that is receiving periodic interim payments also receives payment on this basis for inpatient hospital services furnished by its excluded psychiatric or rehabilitation unit.

(i) *Failure of intermediary to make prompt payment.* Beginning with claims received in April 1987, the hospital's fiscal intermediary does not meet the requirements of section 1816(c)(2) of the Act, which provides for prompt payment of claims under Medicare Part A, for three consecutive calendar months. The hospital may continue to receive periodic interim payments until the intermediary meets the requirements of section 1816 (c)(2) of the Act for three consecutive calendar months. For purposes of this paragraph, a hospital that is receiving periodic interim payments as of June 30, 1987 and meets the requirements of §413.64(h) of this chapter may continue to receive payment on this basis until the hospital's intermediary meets the requirements of section 1816(c)(2) of the Act for three consecutive calendar months beginning with April 1987.

(ii) *Hospitals that serve a disproportionate share of low-income patients.* The
