**§ 422.54 Continuation of enrollment.**

(a) *Definition. Continuation area* means an additional area (outside the service area) within which the M+C organization furnishes or arranges for furnishing services to its continuation-of-enrollment enrollees. Enrollees must reside in a continuation area on a permanent basis. A continuation area does not expand the service area of any plan.

(b) *Basis rule.* An M+C organization may offer a continuation of enrollment option to enrollees when they no longer reside in the service area of a plan and permanently move into the geographic area designated by the M+C organization as a continuation of enrollment area. The intent to no longer reside in an area and permanently live in another area is verified through documentation that establishes residency, such as, driver's license, voter registration.

(c) *General requirements.* (1) An M+C organization that wishes to offer a continuation of enrollment option must meet the following requirements:

(i) Obtain HCFA's approval of the continuation area, the marketing materials that describe the option, and the M+C organization's assurances of access to services.

(ii) Describe the option(s) in the member materials it offers and make the option available to all enrollees residing in the continuation area.

(2) An enrollee who moves out of the service area and into the geographic area designated as the continuation area has the choice of continuing enrollment or disenrolling from the plan.

(d) *Specific requirements—(1) Basic benefits.* The M+C organization must, at a minimum, provide or arrange for the Medicare-covered benefits described in § 422.101(a).

(2) *Reasonable access.* The M+C organization must ensure reasonable access in the continuation area—

(i) Through contracts with providers, or through direct payment of claims that satisfy the requirements in § 422.100(b)(2), to other providers who meet the requirement in subpart E of this part; and

(ii) By ensuring that the access requirements of § 422.112 are met.

(3) *Reasonable cost-sharing.* For services furnished in the continuation area, an enrollee's cost-sharing liability is limited to—

(i) The cost-sharing amounts required in the M+C plan's service area (in which the enrollee no longer resides) if provided by contract providers;

(ii) The cost-sharing amounts required by the continuation area plan if provided through agreements with another M+C plan; or

(iii) The amount for which a beneficiary would be liable under original Medicare if noncontracting providers furnish the services.

(4) *Protection of enrollee rights.* An M+C organization that offers a continuation of enrollment option must convey all enrollee rights conferred under this rule, with the understanding that—

(i) The ultimate responsibility for all appeals and grievance requirements remain with the organization that is receiving payment from HCFA; and

(ii) Organizations that require enrollees to give advance notice of intent to use the continuation of enrollment option, must stipulate the notification process in the marketing materials.

(e) *Capitation payments.* HCFA's capitation payments to all M+C organizations, for all Medicare enrollees, are based on rates established on the basis of the enrollee's permanent residence, regardless of where he or she receives services.
