

§ 433.60

42 CFR Ch. IV (10-1-99 Edition)

§ 433.60 Limitations on level of FFP in State expenditures from provider-related donations and health care-related taxes during the transition period.

(a) *Maximum amounts.* The maximum amount of total provider-related donations, as specified in § 433.58(d)(3), and health care-related taxes that a State may receive without a reduction in FFP during a State fiscal year in the State's transition period specified in § 433.58(b) is calculated by multiplying—

(1) The State's total medical assistance expenditures for the fiscal year; by

(2) The greater of:

(i) 25 percent; or

(ii) The "State base percentage" (as described in paragraph (b) of this section).

(b) *State base percentage.*

(1) The State's base percentage is calculated by dividing the amount of the provider-related donations and health care-related taxes identified in § 433.58 and estimated by HCFA to be received in the State's fiscal year 1992 by the total non-Federal share of medical assistance expenditures (including administrative costs) in that fiscal year based on the best available HCFA data.

(2) In calculating the amount of taxes specified in paragraph (b)(1) of this section, taxes (including the tax rate or base) that were not in effect for the entire State fiscal year, but for which legislation or regulations imposing such taxes were enacted or adopted as of November 22, 1991, will be estimated as if they were in effect for the entire fiscal year.

(c) *Deductions before calculating FFP.* Before calculating FFP, HCFA will deduct from a State's medical assistance expenditures the total amount of any provider-related donations described in § 433.58(d)(3), and health care-related taxes in excess of the limit calculated under paragraph (a) of this section.

§ 433.66 Permissible provider-related donations after the transition period.

(a) *General rule.* (1) Except as specified in paragraph (a)(2) of this section,

subsequent to the end of a State's transition period, as defined in § 433.58(b), a State may receive revenues from provider-related donations without a reduction in FFP, only in accordance with the requirements of this section.

(2) The provisions of this section relating to provider-related donations for outstationed eligibility workers are effective on October 1, 1992, whether or not the State's transition period continues beyond that date.

(b) *Permissible donations.* Subject to the limitations specified in § 433.67, a State may receive, without a reduction in FFP, provider-related donations that meet at least one of the following requirements:

(1) The donations must be bona fide donations, as defined in § 433.54; or

(2) The donations are made by a hospital, clinic, or similar entity (such as a Federally-qualified health center) for the direct costs of State or local agency personnel who are stationed at the facility to determine the eligibility (including eligibility redeterminations) of individuals for Medicaid or to provide outreach services to eligible (or potentially eligible) Medicaid individuals. Direct costs of outstationed eligibility workers refers to the costs of training, salaries and fringe benefits associated with each outstationed worker and similar allocated costs of State or local agency support staff, and a prorated cost of outreach activities applicable to the outstationed workers at these sites. The prorated costs of outreach activities will be calculated taking the percent of State outstationed eligibility workers at a facility to total outstationed eligibility workers in the State, and multiplying the percent by the total cost of outreach activities in the State. Costs for such items as State agency overhead and provider office space are not allowable for this purpose.

§ 433.67 Limitations on level of FFP for permissible provider-related donations.

(a)(1) *Limitations on bona fide donations.* There are no limitations on the amount of bona fide provider-related donations that a State may receive

without a reduction in FFP, as long as the bona fide donations meet the requirements of § 433.66(b)(1).

(2) *Limitations on donations for outstationed eligibility workers.* Effective October 1, 1992, regardless of when a State's transition period ends, the maximum amount of provider-related donations for outstationed eligibility workers, as described in § 433.66(b)(2), that a State may receive without a reduction in FFP may not exceed 10 percent of a State's medical assistance administrative costs (both the Federal and State share), excluding the costs of family planning activities. The 10 percent limit for provider-related donations for outstationed eligibility workers is not included in the limit in effect through September 30, 1995, for health care-related taxes as described in § 433.70.

(b) *Calculation of FFP.* HCFA will deduct from a State's quarterly medical assistance expenditures, before calculating FFP, any provider-related donations received in that quarter that do not meet the requirements of § 433.66(b)(1) and provider donations for outstationed eligibility workers in excess of the limits specified under paragraph (a)(2) of this section.

[57 FR 55138, Nov. 24, 1992, as amended at 58 FR 43180, Aug. 13, 1993]

§ 433.68 Permissible health care-related taxes after the transition period.

(a) *General rule.* Beginning on the day after a State's transition period, as defined in § 433.58(b), ends, a State may receive health care-related taxes, without a reduction in FFP, only in accordance with the requirements of this section.

(b) *Permissible health care-related taxes.* Subject to the limitations specified in § 433.70, a State may receive, without a reduction in FFP, health care-related taxes if all of the following are met:

(1) The taxes are broad based, as specified in paragraph (c) of this section;

(2) The taxes are uniformly imposed throughout a jurisdiction, as specified in paragraph (d) of this section; and

(3) The tax program does not violate the hold harmless provisions specified in paragraph (f) of this section.

(c) *Broad based health care-related taxes.* (1) A health care-related tax will be considered to be broad based if the tax is imposed on at least all health care items or services in the class or providers of such items or services furnished by all non-Federal, non-public providers in the State, and is imposed uniformly, as specified in paragraph (d) of this section.

(2) If a health care-related tax is imposed by a unit of local government, the tax must extend to all items or services or providers (or to all providers in a class) in the area over which the unit of government has jurisdiction.

(3) A State may request a waiver from HCFA of the requirement that a tax program be broad based, in accordance with the procedures specified in § 433.72. Waivers from the uniform and broad-based requirements will automatically be granted in cases of variations in licensing and certification fees for providers if the amount of such fees is not more than \$1,000 annually per provider and the total amount raised by the State from the fees is used in the administration of the licensing or certification program.

(d) *Uniformly imposed health care-related taxes.* A health care-related tax will be considered to be imposed uniformly even if it excludes Medicaid or Medicare payments (in whole or in part), or both; or, in the case of a health care-related tax based on revenues or receipts with respect to a class of items or services (or providers of items or services), if it excludes either Medicaid or Medicare revenues with respect to a class of items or services, or both. The exclusion of Medicaid revenues must be applied uniformly to all providers being taxed.

(1) A health care-related tax will be considered to be imposed uniformly if it meets any one of the following criteria:

(i) If the tax is a licensing fee or similar tax imposed on a class of health care services (or providers of those health care items or services), the tax is the same amount for every
