

approved application and budget, the regulations of this part, the terms and conditions of the award, and the applicable cost principles prescribed in subpart Q of 45 CFR part 74.

(e) The Secretary may, at the time of award, impose additional conditions, including conditions governing the use of information or consent forms, when, in the Secretary's judgment, they are necessary to advance the approved program, the interest of the public health, or the conservation of grant funds.

§ 51b.107 Is participation in preventive health service programs required by these regulations?

Nothing in these regulations shall be construed to require any State or political subdivision to have a preventive health service program which would require any person who objects to treatment to be treated under the program.

Subpart B—Grants for Childhood Immunization Programs

SOURCE: 44 FR 40501, July 11, 1979, unless otherwise noted.

§ 51b.201 To which programs does this subpart apply?

The regulations in this subpart apply to the award of grants under section 317 of the Act for programs to immunize children against vaccine preventable diseases.

§ 51b.202 Definitions.

As used in this subpart:

Childhood immunization program means a preventive health service program to immunize children against vaccine preventable diseases including poliomyelitis, measles, mumps, rubella, diphtheria, pertussis, and tetanus.

§ 51b.203 Who is eligible for a grant under this subpart?

An applicant must be a State agency or an agency of a political subdivision of a State which has legal responsibility for disease control under the laws of a State.

§ 51b.204 What information is required in the application?

(a) The initial application must cover the project period, and must include a description of the following:

(1) The need for grant support.
(2) The immediate (1 year budget period) and long-range (2-5 year project period) objectives of the project in specific and measurable terms.

(3) Current immunization programs and the additional or intensified activities to be carried out to meet the objectives and priorities.

(4) The following program elements should be included and described:

(i) A plan to assure that children begin and complete their immunizations on schedule, including the use of a standard immunization record card, a provider-based tickler system (public and private) for the recall of children, and a hospital-based immunization education program for new mothers.

(ii) Assessment of immunization status of school enterers, children attending licensed day-care centers, and children under 2 years of age and new enrollees under age 5 served in public clinics.

(iii) A plan for surveillance of vaccine-preventable diseases that includes morbidity and mortality reporting as well as field and laboratory investigations.

(iv) Procedures for prompt review of the data collected from the morbidity surveillance system to allow for immediate response to all occurrence of suspected diphtheria and polio cases upon notification and response to suspected measles cases within 48 hours.

(v) A system for monitoring vaccine-associated reactions including a mechanism for responding to persons with vaccine-related complaints.

(vi) A plan to systematically immunize susceptible children at school entry through vigorous enforcement of school immunization laws.

(5) The manner in which the applicant intends to evaluate the project.

(b) An application for a continuation grant must be submitted for each funding period. This continuation application must include the following:
