

## § 57.1605

(3) Each program must have a sufficient number of trainees participating during the conduct of any educational activities to provide a collegial environment and to make the program cost efficient.

(4) Stipend support from grant funds may be no longer than 24 cumulative months for any trainee.

(5) To be eligible for financial assistance from grant funds, a trainee must:

(i) Intend to teach in family medicine training program on a full-time basis; and

(ii) Be a full-time participant in the training program for at least 3 months.

### § 57.1605 How will applications be evaluated?

(a) As required by section 798(a) of the Act, each application for a grant under this subpart shall be submitted to a peer review group, composed principally of non-Federal experts, for an evaluation of the merits of the proposals made in the application. The Secretary may not approve such an application unless a peer review group has recommended the application for approval. The Secretary will approve projects which best promote the purposes of section 747 of the Act and these regulations. The Secretary will consider, among other factors:

(1) The degree to which the proposed project provides for the project requirements in § 57.1604;

(2) The administrative and management ability of the applicant to carry out the proposed project in a cost-effective manner; and

(3) The potential of the project to continue on a self-sustaining basis.

(b) In determining the funding of projects approved under paragraph (a) of this section, the Secretary will consider any special factors relating to national needs as the Secretary may from time to time announce in the FEDERAL REGISTER.

## 42 CFR Ch. I (10-1-99 Edition)

### § 57.1606 How long does grant support last?

(a) The notice of grant award specifies the length of time the Secretary intends to support the project without requiring the project to re compete for funds. This period, called the project period, will not exceed 5 years.

(b) Generally, the grant will initially be funded for 1 year, and subsequent continuation awards will also be for 1 year at a time. Decisions regarding continuation awards and the funding levels of these awards will be made after consideration of such factors as the grantee's progress and management practices, and the availability of funds. In all cases, continuation awards require a determination by the Secretary that continued funding is in the best interest of the Federal Government.

(c) Neither the approval of any application nor the award of any grant shall commit or obligate the United States in any way to make any additional, supplemental, continuation or other award with respect to any approved application or portion of an approved application. For continuation support, grantees must make separate application at such times and in such a form as the Secretary may prescribe.

[45 FR 68895, Oct. 16, 1980, as amended at 57 FR 45739, Oct. 5, 1992]

### § 57.1607 For what purposes may grant funds be spent?

(a) A grantee shall only spend funds it receives under this subpart according to the approved application and budget, the authorizing legislation, terms and conditions of the grant award, applicable cost principles specified in subpart Q of 45 CFR part 74, and these regulations.

(b) Grantees may not spend grant funds for sectarian instruction or for any religious purpose.

(c) Any balance of federally obligated grant funds remaining unobligated by the grantee at the end of a budget period may be carried forward provided specific approval is granted by the Secretary. If at any time during a budget period it becomes apparent to the Secretary that the amount of Federal funds awarded and available to the grantee for that period, including any

unobligated balance carried forward from prior periods, exceeds the grantee's needs for the period, the Secretary may adjust the amounts awarded by withdrawing the excess. A budget period is an interval of time (usually 12 months) into which the project period is divided for funding and reporting purposes.
